

Former Premier T. D. Pattullo has proposed that British Columbia turn the PACIFIC GREAT EASTERN RAILWAY over to the Dominion Government so that Ottawa could extend it to Alaska to help the situation there. He thought the province should get in return a full release on a debt of \$25,000,000 claimed by Ottawa on unemployment relief payments on B.C. account, but that, if the Federal Government demurred, the railway should be given it WITHOUT A RETURN of any kind. "The course of events has brought to immediate importance, road and railroad connection with Alaska," said Mr. Pattullo. "With strategic points on the Aleutian Islands in the hands of the Japanese, there is no time to be lost. I cannot escape the impression that it will not be an easy matter to oust the Japanese from their foothold on the Aleutian Islands, and, if this be so, it not only will be a general menace, but specifically will be A CONSTANT MENACE to shipping to Alaskan points by water up the Yukon. This consideration at once accentuates the importance of rail connection with Alaska through British Columbia and Yukon."

Liquor prices in British Columbia have taken a big jump. W. F. Kennedy, liquor commissioner, announced. Reputed quarts—26 ounces—of CANADIAN RYES AND GINS are being boosted, starting last week, 40 cents. This means that a bottle of rye which used to cost the consumer \$2.60 will now cost him \$3.00. ALL IMPORTED SCOTCH AND IRISH whiskies and imported gins are being raised 50 cents a reputed quart. Wines go up proportionately. No decision has yet been reached with the breweries on beer prices, but most certainly beer is also going up before long, by the bottle and by the glass. Imported Scotch whiskies were \$3.15 a bottle when war started in 1939. Today the same bottle is \$4.75. A reputed quart of imported gin, which was in the \$2.90 class when war started, is now priced at \$4. Last week it was \$3.50.

BUTTER CONSUMERS of Canada will continue to have the protection of the 35 cent-a-pound price ceiling for another year, but prices paid farmers for milk sent to creameries will be increased by bonuses to make their returns more nearly in line with those of farmers whose milk is used for cheese. The 35 cent basis ceiling makes provision for slight increases in the winter months, which will also be continued. Action of the Federal Government in assuring farmers of a bonus on butter production will tend to arrest extensive SLAUGHTERING OF DAIRY STOCK and avert a threatened shortage of butter in British Columbia. Effect of the bonus will be far greater in Eastern provinces than on British Columbia, for Ontario produces more butter than all the Western provinces combined, and Quebec is a close second. Both those provinces have led in cheese making, too. British Columbia, with annual butter production averaging 6,000,000 pounds, imports twice as much as she makes and is the only Western province that doesn't produce more butter than she consumes.

ALL GOLD MINES in British Columbia are cut off from new supplies of labor by a government order aimed at diverting miners from production of gold to base metals needed by war industry. The order is effective immediately and applies only to BRITISH COLUMBIA AND THE YUKON. The ban on new workers going to gold mines is promulgated under Order-in-Council 5038 which lodged control of hiring and firing with the Unemployment Insurance Commission. Under the order-in-council, employers can hire only through this office, and are obliged to hire the worker referred to him by the office which issues a permit authorizing the employment of any person. The Unemployment Insurance Commission offices are now prevented from issuing any permits for employment of workers in gold mines. It is a complete stoppage of new labor to gold mines. The order, made by Elliott M. Little, Director of National Selective Service, is under the authority granted by Order-in-Council 5038.

The world's FIVE MAJOR WHEAT BUYING AND SELLING NATIONS—Canada, Argentina, Australia, Britain and the United States—have concluded a broad marketing agreement to stabilize the trade after the war and have formed a pool of 100,000,000 bushels for the relief of war-ravaged countries. Chief provisions of the proposed convention relate to production control, minimum prices and export regulation under an international wheat council with headquarters in London. Canada will maintain her hold on the BRITISH MARKET, virtually her only sales outlet, for the duration of the war and a period of at least two years afterwards, as a result of the agreement. Representatives of the nations already included hope to bring in Russia, but negotiations to that end are still indefinite. The immediate duty of the new wheat council will be to ASSEMBLE THE RELIEF POOL. Canada's contribution will be 25,000,000 bushels, in the form of a direct donation from the Canadian Government, which is obliged to lay down the wheat at seaboard, free of all cost, just as Britain and the United States are obligated with regard to their quotas. Under the new agreement, the producing countries are indirectly bound to the principle of ACREAGE CONTROL, although each nation is free to choose its own method of minimizing the accumulation of stocks. Canada is allotted 40 per cent of total post-war wheat exports under the agreement, this percentage being in line with the Dominion's share of export trade between the first Great War and the present conflict. The sharing of available markets will not begin until restoration of peace and presumably not until shipping is freely available.

AIR CO-OPERATION is given an important place in the Canadian army's plans for offensive action. Still comparatively in its infancy, the army's air branch is a thriving concern, and when the Canadians move to the continent they will have support of fighter, bomber and army co-operation squadrons. Primary purpose of an ARMY CO-OPERATION SQUADRON is to bring back information. The reports that pilots bring in may influence the whole course of a battle, so, though the speedy fighter craft they fly might easily outfight the best enemy planes, the army co-ops are under orders to avoid action. There are TWO CANADIAN SQUADRONS doing army co-op work which, in part, consists of locating and photographing enemy dumps and lines of communication, confirming information which other pilots send back verbally, directing artillery fire and finding their own troops if necessary.

Through the co-operation of the British Columbia Mining Association, a survey of base metal properties in B.C. has been completed and sent to Metals Controller George C. Bateman.

## REGATTA WINS ARMY SUPPORT

Vernon Camp Officers Enthusiastic About Local Regatta—To Lend Assistance

WILL SEND 2 BANDS

War Canoes, Swimmers and Divers Assured From Camp

Officers in charge of Vernon area are most anxious to co-operate in any way possible with the Kelowna Regatta, according to word brought back to this city this week by a local delegation which interviewed the military authorities of the Vernon Camp.

Some definite progress has already been made. A survey is now underway by the sports officers of the various units in the camp to ascertain just what swimming or water sports talent is available. It is known that there are several outstanding swimmers and canoeists attached to various units. When the regatta is held, local Regatta officials will get together with army men and map out a program to make the best use of the available material.

A war canoe is being sent to Vernon this week as several of the units have signified their desire to enter crews in this race. The possibility of a shell being sent up is also being discussed as it has been ascertained that there are several excellent scullers in the camp.

Camp officials have stated that they will switch the sports day from Wednesday to Thursday during the Regatta to enable as many men as possible to attend. They have also indicated that they will arrange a parade for that day and the parade destination will be Kelowna Regatta.

Two bands will be available from the camp. One band will be the training centre band while the other will be the brigade band. This latter is apparently a new organization which is being built around the band of the Canadian Fusiliers, but will have talent drawn from all regiments comprising the brigade.

There is some possibility that an evening concert will be provided by men from the camp during the Regatta. The local delegation which visited the camp on Monday was comprised of Alderman C. L. Jones, President of the Kelowna Regatta, Gordon Finch of the Aquatic, Alderman R. F. Parkinson, secretary-manager of the Regatta, Dr. L. Pantan and H. Mitchell.

Rev. C. R. McGillivray, immediate past president of the Vernon Rotary Club, on Tuesday inducted the new officers of the Kelowna Rotary Club into office. Officers of the local club for the forthcoming year are: President, L. K. Kelly; vice-president, W. H. McDougall; sec.-treas., C. T. Hubbard; directors, E. T. Abbott, E. W. Corner, W. Harper, G. D. Loane, W. M. Tilley.

Committees of the various club members: Club service, G. D. Loane; public information, O. St. P. Aitkens; attendance, G. Anderson; audit and budget, W. E. Adams; program, W. Adams; sergeant-at-arms, P. Capozzi; vocational service, W. Harper; fellowship, L. J. Kelly; house, A. Hughes; historian, A. Hughes; music, C. Mossop; song leader, C. Day; classification, L. J. Shepherd; international affairs, R. W. Corner; inter-city, H. Mitchell; youth and boys' work, B. Hey; child welfare, W. H. Ribelin; war service, C. T. Bull; community service, W. M. Tilley; Rotary Park, H. Blakeborough; sports, G. Wiseman; rural-urban, C. R. Bull.

## Lake Drops Slowly But Flood Conditions Are Little Changed As Gov. Engineer Investigates

Lake Level Dropping About One Inch a Week—Expect Lake Level Will Not Reach Supposed Maximum Until End of August Although Rate of Drop is Expected to Increase—Government Engineer Investigates Flooded Conditions in Kelowna and Penticton

WITH Okanagan Lake dropping slowly at the rate of about one inch a week, there has been little relief in the flooded areas of Kelowna. While the lake has dropped about two inches from the peak, it has as yet had little effect on the pools of seepage around the city. While it is expected the run-off will be greater as the summer passes and the drop will increase, nevertheless, it is not anticipated here that the lake level will reach what was supposed to have been the controlled maximum of 102.5 feet much before the first of September.

Officials here do not expect the seepage to recede very much before that time, as the lake level must go below the level of the seepage before the seepage can drain away.

C. F. Faulkner, of the Department of Public Works district office at New Westminster, was in the Valley last week making a survey of the general situation. He examined the flooded areas of this city and had consultations with Alderman George Sutherland, City Engineer Blakeborough and Dr. J. M. Hershey, Medical Health Officer.

From here he went to Penticton and back to New Westminster, where he was to submit a report to the Department of Public Works.

It is understood that a meeting is being arranged between Kelowna, Penticton and other interested mun-

## HIS SPECIALTY IS HEAVY ARTILLERY

Every man in Canada's Army is a specialist in at least one branch of military practice. Because officers of all training centres are drawn from many arms of the service, soldiers are familiar with the functions of the other branches, prepared for any co-operative plan of attack on short notice. At Petawawa, for instance, artillerymen like the regular chap setting his gun sights in the above photograph are prepared for co-operation with the infantry, Royal Canadian Air Force, the tank corps and any other force with which they may be combined in an operation. At every camp in Canada's network of training centres the program is proceeding, building a striking force which every day grows in size and strength.

## Representative Meeting Instructs Directors To Hold Regatta As War Effort Like Last Year

Representatives of Organizations Unanimously Agree That Regatta Should Be Carried On—Indicate That Two-day Affair is Desirable—Directors State That High Water Situation Can Be Coped With Although It Will Hamper Activities

A TWO-DAY Regatta, if at all feasible, carried on under the same conditions as last year and for the same purpose, was the verdict of a representative public meeting called last Thursday night to consider the advisability of holding a Regatta this year. Once the Aquatic directors had told the meeting they believed that the Regatta could be held despite the difficulties of high water, there was never any doubt as to the outcome. The meeting felt that a Regatta should be held.

## DROWNING GIRL SAVED IN CITY PARK

Ronald Lane, of Kamloops, Pulls Janet Christie, of Prairies, From Lake South of Aquatic

Janet Christie, age 14, had a narrow escape from drowning in Okanagan Lake, just south of the Aquatic Club, on July 1st, and was rescued by the prompt action of Ronald Lane, of Kamloops.

The Christie girl had recently arrived at Okanagan Mission from Winnipeg and was unfamiliar with the contour of the shore line in the Park. At this particular spot the beach ends abruptly and the water is very deep.

Clifford Hurst, a prairie visitor, noticed her difficulty, but being unable to swim, called Ronald Lane, 253 Lorne St., Kamloops, secretary to the superintendent of the C.N.R., who happened to be nearby. Lane, though not a swimmer, was successful in getting the girl to shore. Witnesses state that the girl had gone down at least six times.

Resuscitation methods were applied and the girl revived before medical attention could reach the scene.

For thirty-five years the Kelowna Regatta has been staged, despite two wars, depressions and flood conditions, and speaker after speaker maintained that the unbroken string should not be severed this year.

Aquatic directors pointed out that there will be some difficulty in staging the show due to the high water in Okanagan Lake which has eliminated the Aquatic beach, covered the diving platform, flooded the walk in front of the pavilion and has reached the lower floor of the latter.

While it is anticipated that, now the high water mark is apparently passed, the water will recede a few inches before Regatta time, it is not expected that it will be possible to use the beach to accommodate a large number of persons, as has been done in former years.

The lack of beach accommodation may also interfere with the night show. It will be remembered that the practice with the machine guns also had its share of interested spectators. The squadron had five American Lewis machine guns.

The always-spectacular bayonet practice, naturally drew the most eyes. The regular bayonet stand ards were used as was also the training stick, something new to the general public here.

Signallers of the squadron practiced with flash lamps and semaphores.

Of course, there was rifle drill, executed with precision and snap, and given an added touch when the troop drilled its responses. Rifle drill while on the march was also something of a novelty for most of the crowd.

A three-inch mortar which was on display created considerable comment.

"This is just our regular drill," Major Cameron stated. "You can see that the boys enjoy it and are learning something which may be of vital importance to them and Kelowna. Certainly, they learn nothing which will harm them. They learn other things, too, such as map reading, tactical exercises and specialized subjects."

"All men under fifty years of age are eligible for the Reserve Army and our squadron needs quite a few more recruits to bring it up to strength. The Reserve Army has a definite part to play in the defence of Canada, and the local squadron should be at full strength that it may play its part when the time comes effectively and with distinction."

On Friday night the crowd was not slow to recognize the considerable change in the personnel of the officers since the last public appearance of the squadron. Capt. Weddell and Lieuts. Webb and Cameron have left for active service. They have been replaced by Lieut. W. Shugg and Lieut. O. L. Jones.

The following officers are now attached to B Squadron: Major G. D. Cameron, M.C., Officer in Command. Lieut. W. Shugg, second-in-command.

Lieut. O. L. Jones, No. 1 Troop. 2nd-Lieut. R. F. Parkinson, No. 2 Troop. 2nd-Lieut. P. Murdoch, No. 3 Troop.

all parts of the Interior, and they will be put through a week of army routine under Captain Thompson, Sergeant-Major Henry and Sergeant W. P. Nicholson.

The training will include many features, such as fieldcraft, which were impossible to take during the cadet periods during school hours. The camp will last until Saturday, ending with a sports day.

E. Gleave, of the Kelowna High School staff, accompanied the local boys to the camp and will take part in the instructional duties during the week.

## Voluntary Savings Vital In War Effort; New Committee Born

Kelowna War Finance Committee Organized Here as Permanent Organization to Handle Both War Savings and Victory Loans—Greatly Increased Voluntary Savings Needed if Budget is to be Balanced—Finance Minister Ilsley Explains Compulsory Savings Are Not Intended to Replace Voluntary Savings—Local Committees Are Amalgamated

C. R. Bull Is Unit Chairman

THE grim and sobering reality of a "pay-as-you-go-as-far-as-it-is-practical" war finance policy came home last week to every Kelowna citizen in what is the most courageous budget ever introduced in this or perhaps any other democratic country. And the budget announcement coincided sharply with the formation here of the Kelowna War Finance Committee, an integral part of the machinery necessary to balance the Ilsley budget and enable Canada to finance its war effort.

For a continuance and an increase of voluntary savings and investments in Victory Loans and War Savings is vital in the new Ilsley plan of financing the country's war expenditures. In every city, in every town, in every hamlet and in every rural area from the Atlantic to the Pacific, strong local committees are now being organized to encourage the local sale of all types of war financing. These committees will urge the people to double the amounts loaned to the government during the past year.

The framework of the Kelowna War Finance committee was formed this week and chairmen appointed in rural areas. Sub-committees are now in the process of organization and it is expected that by the end of the week the committee will be completely organized. C. R. Bull has been named chairman of "Unit 25," with G. A. McKay as vice-chairman.

The organization consists of a group of representative citizens unit and the "citizens' committee" of the last Victory Loan Campaign. This committee has not been completely named as yet.

The organization of the unit committee is under the direction of Colin Clapham, unit organizer for this district.

The direction of the local effort is actually in the hands of the executive committee which is composed of the chairman, vice-chairman, secretary and the chairman of the various committees.

E. C. Maile has been appointed secretary and chairman of the administration committee.

J. J. Ladd assumed the chairmanship of the public relations committee, a position he held in both the Victory Loan and War Savings drives.

W. T. L. Roadhouse has been named chairman of the general ed chairman of the general ed committee and under him will probably be formed several sub-committees for various definite tasks.

One such committee, for instance, will be the case sales committee, and W. A. McGill will carry on as chairman of this group which has done such excellent work during the past six months in connection with the War Savings drive.

Payroll savings committee will again come under the chairmanship of R. Seath, who organized this so efficiently for the former War Savings committee.

P. MacLean will again head the special names committee.

In Peachland, Westbank, Glenmore, Winfield, Rutland and Okanagan Mission, committees will be set up and these will take in other adjacent rural areas.

In Peachland, the committee will be headed by Reeve B. F. Gummow, while in Westbank, H. Grant will head the committee.

L. E. Marshall will head the Glenmore committee, and in Winfield, the chairman will be G. F. Elliott.

A. W. Gray is gathering a strong committee around him in Rutland, and no organization has been started yet in the Okanagan Mission-East Kelowna-South Kelowna area.

A meeting has been called of 11 committee chairmen for Friday night in the Board of Trade rooms to review the whole setup and complete the organization.

Nub of the Ilsley program was how to meet war costs estimated at \$3,300 a million, and each reached its time syphon off a rising tide of inflated consumer purchasing power. Total government costs of \$3.9 billions are divided \$3.3 billions for war expenditures and the balance for other governmental costs. The war costs alone amount to \$23 a week for every Canadian family.

The corresponding figure for last year was \$24 billions or \$189 per family per week.

Leaving aside adjustments and deductions due to the fact that new taxes will not be effective for a full fiscal year, Mr. Ilsley asked Canadian citizens (apart from cor-

## Kelowna Fourth Among B.C. Cities In Amount Given Red Cross

Raised \$15,671 in Recent Drive—Exceeded Only by Vancouver, Victoria and Trail

Kelowna raised \$15,671.66 for the Red Cross Society during the campaign in May. E. W. Barton, campaign secretary, gave out this week. The amount is made up of \$14,111.66 in cash and \$1,560.00 in pledges. These are audit figures, but are not quite complete, as donations are still coming in by dribs and drabs.

These figures are believed to place Kelowna fourth among the British Columbia cities in the amount given to the Red Cross. Vancouver has not yet succeeded in reaching its quota of \$424,000, having collected \$390,000. Victoria, with a quota of \$80,000, raised \$110,500, and Trail, with a quota of \$35,000, obtained \$50,000. Kelowna, with a \$10,000 quota, increased it by more than fifty per cent with \$15,671.66, and Prince Rupert, with the same quota, reached the \$15,200 figure.

Vernon and Kamloops also had \$10,000 quotas, and each reached the \$10,000 mark. Penticton, with an \$8,000 quota, obtained nearly \$10,000.

Mr. Barton, commenting on a report in Coast papers of Thursday of last week, stated: "The figures given for Kelowna are all wrong when they credit us with only \$12,600. The Canadian Red Cross has already received a cheque for more than fourteen thousand dollars. Some one, somewhere, has slipped in the Kelowna figures, but the facts of the case are that our total is \$15,671.66 and still growing."

## THE KELOWNA COURIER

Established 1894

A newspaper devoted to the interests of the Kelowna District of the Okanagan Valley in British Columbia, published every Thursday morning by The Kelowna Courier Ltd. The Kelowna Courier is a member of the Canadian Weekly Newspapers Association and of the British Columbia Weekly Newspapers Association.

Subscription Rate: \$2.50 in Canada; \$3.00 in other countries; single copies, five cents.

MEMBER OF "CLASS A" WEEKLIES

Winner, 1939, 1940, 1941  
Charles Clark Cup  
Emblematic of the best all-round Class B weekly in Canada.

Winner, 1939, 1941  
MacBeth Memorial Shield  
Emblematic of the best editorial page in its class in Canada.

Winner, 1939  
M. A. James Memorial Shield  
Emblematic of the best front page in its class in Canada.

G. C. Ross, President  
R. A. Fraser, Secretary

R. P. MacLean,  
Editor and Manager

The Kelowna Courier has by far the greatest circulation of any newspaper circulating in the Central Okanagan Valley.

THURSDAY, JULY 9th, 1942

## The Regatta

Kelowna will again this year stage its annual Regatta and maintain unbroken the nearly two score years of this event which has won an international and Dominion-wide reputation as one of the outstanding aquatic events in Canada.

The decision to hold the Regatta was not made without careful consideration. The mere fact that it was a debatable matter is sufficient indication that no hasty decision would be arrived at, because the Regatta would not be abandoned without real cause.

The directors of the Aquatic were faced with some real problems which they felt the general public of the community should have an opportunity to consider. There is the question of the effect high lake water will have on handling of the Regatta. It is admitted that the high water will make it extremely difficult to stage a smooth Regatta this year, but the directors are satisfied that with a little improvising the situation can be handled satisfactorily.

Then there is the question of transportation and outside competition, which this year is naturally a very uncertain matter and will probably remain so for the next two or three weeks. However, there are indications that a number of competitors from the States and the Coast will be here, unless some untoward events prevent it.

There are three reasons why the Regatta should be held if at all possible. The first of these is that, once it is dropped, an event of this kind is most difficult to start again with the same tempo. Should it be dropped, Kelowna would lose much of the good advertising it has received through the Regattas of the past ten years or more. Then too, the Regatta should be carried on for the benefit of the local youngsters who are just ready to enter the competitive stage. With no Regatta events to point for, their training would naturally suffer and the quality of future swimmers of this city would naturally recede. The third argument is because it is a war effort. During the past two years some four thousand dollars have been sent to Ottawa as a straight gift through Regatta activities. Four thousand is not much when considered in a four billion dollar budget, but it is four thousand dollars better than nothing. As a war effort, too, the Regatta is a great community builder with a score of organizations giving a hand to put the big show across. As a war effort, too, the Regatta this year will play a more important part in providing amusement and relaxation to the men in the Vernon Camp. Entertainment for these men is at a minimum and it is more than possible that many of them will welcome the opportunity of participating in the diversified sport of Regatta days in Kelowna.

There is going to be a Regatta. Some of the plans are already well advanced. But one thing should be borne in mind. This year, more than ever before, the wholehearted co-operation of every soul in the community will be needed. There are physical difficulties to be overcome and moral support to be boosted. Every person in Kelowna can lend a hand and it is a real civic duty to do so. For the next month, there should be one watchword in this city, "Boost the Regatta and do everything you can to help it." If each of us pulls his weight, the Regatta will be a complete success.

## Kelowna Finance Committee

Under the process of formation in Kelowna this week is the Kelowna War Finance Committee, the local counterpart of an organization which will soon be found in every city, town, hamlet and rural area in the entire Dominion.

The purpose of the new organization is to see that this district plays its part in the war effort through voluntary savings invested in Victory Bonds and War Savings Certificates. The new organization will handle all war finance efforts in this district, be they Victory Loans or War Savings campaigns.

Locally the new committee was formed through the amalgamation of the Second Victory Loan Committee and the Kelowna and District War Savings Committee. Both these organizations did excellent work in their respective spheres, and, with the co-operation of the general public, the new organization should be able to make an excellent showing in a difficult field.

While the framework of the organization is now complete, many more people will undoubtedly be called upon to act on one or the other of the various committees.

Daily it is becoming increasingly clear that

one of the biggest local jobs in connection with the war effort is the task of encouraging voluntary savings. The Kelowna War Finance Committee may rightly be called the most important of all Kelowna's war activity organizations. It has undertaken a duration-long job, a continuous effort twelve months of the year, a task made more difficult by the recent budget.

It is purely a voluntary organization, with no persons being paid. The men of this committee have undertaken their task in the belief that the work is an important part of the war effort; they have undertaken it knowing that it will demand much of their time and frequently be exasperating and discouraging. But they have undertaken it in the knowledge that Kelowna has never yet fallen down in a matter of this kind, and in the belief that they will be accorded the support and willing co-operation of every person in the district.

## Voluntary Savings Still Vital

The inclusion of frozen savings in the budget brought the immediate reaction that it was the end of War Savings and Victory Loans and many persons quickly made up their minds to cancel their present savings through these channels. However, those persons had not fully acquainted themselves with the complete remarks of Mr. Ilsley in his budget speech. He made it very plain that the Canadian people must not only continue their present rate of voluntary savings but in fact actually double it. He made it plain that \$600 millions more than was subscribed in Victory Loans and War Savings during the past year must be subscribed this year. He asked for an increase of \$50 millions a month!

In his budget speech Mr. Ilsley said:

"I am not proposing to substitute compulsory savings for voluntary savings. The refundable tax which I am recommending is merely to equalize the base from which voluntary savings start. Over and above the higher taxes, over and above the minimum savings requirement, current savings must be increased if we are to finance the war the sane and equitable way."

It is true that the institution of the returnable income tax may provide a hideout for many people who will be tempted to take the attitude that the government has provided a yardstick of what people must do in the matter of lending and, having complied with the law, one's duty is completely discharged. This, of course, in the light of Mr. Ilsley's remarks is a fallacious argument and will only be adopted by selfish and self-centred persons. Most of the people of Canada, particularly in the light of unsatisfactory news from abroad, will recognize their larger duty and meet it with courage and determination.

## "Apple" Honored

The Gyro Applee, issued every two weeks by the Kelowna Gyro Club to its members, has been awarded the silver trophy emblematic of the most outstanding paper published by any Gyro Club in the world. The award was made at the Gyro International conference held at Windsor, Ontario, last week.

The achievement of the Applee is not one to pass by lightly. To win this coveted trophy it had to stand the test of all those bulletins issued by Gyro Clubs in the leading cities of the United States, Great Britain and Canada. When one recalls the resources of American organizations and the "spread" usually made by clubs in large cities, the local paper's achievement is the more outstanding.

The Courier congratulates the Gyro Applee and takes pride in shining in reflected glory, for the Applee was designed and is produced in the plant of The Kelowna Courier.

## Why The Discrimination?

By recognizing life insurance premiums as an alternative for part of the amount levied under the compulsory savings feature of the budget, Hon. J. L. Ilsley paid a high but deserved tribute to life insurance as a form of savings which was of importance to the nation and to the war effort. Payment to pension plans and mortgage payments were also included, and, like life insurance, may be deducted from the "frozen savings" portion of the individual's income tax payments.

Mr. Ilsley made a wise move when he placed this provision in the budget, else thousands of Canadian families would have been forced to drop their life insurance, pension plans and mortgages, with a disastrous economic result to the country.

However, Mr. Ilsley placed a restriction in the clause and made the concessions applicable only to the life insurance in force and the mortgages registered on June 23rd. In this we do not believe Mr. Ilsley was quite so wise, at least insofar as life insurance is concerned.

By the inclusion of the life insurance exemption in the budget, the government has admitted the worth of life insurance. Why then should it restrict its future sales and thereby discriminate between groups of citizens? A young man leaving college this year and just preparing to purchase insurance, now must find not only the cost of the premium but the full amount of "frozen savings" levied by the government. If this same young man had the money to pay his premium three weeks ago, he would be permitted to deduct that amount from the "frozen savings." The same situation applies to young men preparing to marry. In fact all young men who marry in the future cannot provide adequate protection for

their families through insurance unless they can save the premium over and above the "frozen savings."

This situation, as we see it, carries grave possibilities for the government itself. The present regulations cannot do else than encourage a nation of almost penniless widows and children who must become a charge on the state. The amount of the "frozen savings" will not go far towards providing for a family, but that amount invested in insurance would provide a substantial nest egg.

One of the reasons for the "frozen savings" is to curtail consumption of luxury goods. However, money spent on life insurance premiums could in no manner be considered in that category as it involves the use of no materials and no manpower. Moreover, it is a recognized fact that the great majority of the money received by the insurance company finds its way into the Federal Treasury, so, on that score, the war effort is not injured.

There would seem to be no adequate reason why the June 23rd deadline should be set on either life insurance or pension plan premiums. With one exception, the avoidance of a boom market in life insurance. However, the "frozen savings" are placed at twelve per cent of the individual's income, and it is hardly likely that any person is going to invest more than ten per cent of his income in life insurance for the sole purpose of avoiding income tax. If this is feared by the Government, let it provide that not more than one half the "frozen savings" may be deducted from the income tax to offset the premiums on new insurance written after June 23rd.

That would enable those who need additional protection to purchase it; it would result in many widows having an adequate income during the next few years and it would not withhold one cent from the Federal Treasury. Mr. Ilsley, we feel, would be well advised to consider this or some similar suggestion.

## Wanted--A Leader

The debacle in Libya has again brought to the fore the question of leadership of our armed forces. That intelligent and quick thinking generalship is essential to ultimate victory should be self-evident. In spite of assertions by certain "strategists" that superiority in equipment surpasses in importance the question of proper use of those tools, events of the past few weeks demonstrate the fallacy and danger of such comfortable assertions. Such an attitude is analogous to the "Magnet Line complex" of bitter memory, and just as fatuous.

Timoshenko, McArthur, Rommel—these names personify genius in leadership—and yet none of them achieved success through superiority in military equipment. Their successes have been achieved by daring and resourceful use of the equipment at hand, adapted to the circumstances and needs of the moment. They all have one quality in common, that of resource, which grows out of originality of thought and action. That is where British generalship has fallen down and fallen badly.

The British "brass hat" is usually a brave

and gallant soldier. A graduate of the right public school and Sandhurst, he values tradition above all else and in most cases hasn't had an original thought or stepped out of the rut of army caste since he was first commissioned. His whole training and environment deprecates change and emphasizes tradition. How can originality of thought and action, vision and resourcefulness, be engendered in men of this type, fine as they may be in many ways. Their whole outlook and inclination is against new and untried methods that have to be developed overnight in modern warfare.

The statement that, "If General Rommel were in the British Army, he would still be a sergeant," is only too true. The British general staff has fought tooth and nail against promotion from the ranks on a basis of merit. The reason is obvious. If intelligence was made the yardstick, then a great number of "stout fellows" would lose their jobs overnight and promotion would be open to any "perisher" that possessed, most unjustly, superior intelligence untrammelled by tradition and the old school tie. Staff jobs in the British Army have always been the perquisite of public school and Sandhurst graduates, and any threat to this nice little closed corporation has gone down to inevitable defeat. Hore-Belisha tried it in 1940 and got short shift and earned the undying hatred of every Englishman of the old school. So bitter is that antipathy that, no matter how great his ability may be, Prime Minister Churchill would not dare to appoint Hore-Belisha to a responsible cabinet post. This "thumbs-down policy" applies not only to Hore-Belisha but to other men of great ability and the result is that mediocre men hold positions of importance at a time when better men are desperately needed.

The picture, of course, is not new. Lack of originality and resource, a stubborn refusal to adapt and to vary established practice in face of new conditions, has cost thousands of lives in past wars. We eventually learn, and changes are made, but at what cost! Modern "blitz" warfare with its shifting lines, sudden thrusts and ambushes, is a throwback in some ways to the Indian warfare conducted by our Canadian and American forefathers. This sort of fighting places a high premium on initiative and resource but is not suited to inflexible and unimaginative leadership.

Leadership is of vital importance if we are to win out—and action towards that end must take place at once. Our munition workers are going all out for victory, but they will flag and fail if they begin to feel that their efforts are wasted by weak and stupid leadership. The details of the equipment sent to the Middle East, released by Winston Churchill, show that there was no lack of weapons of war. The lack was in the failure of the British command to adapt itself to warfare of a new and ever changing type.

Our readers' attention is drawn to the letter in the Boy Scout Column this week. The hospital at the Vernon army camp needs bottles very badly and the Scouts are going to collect them. A phone call to E. C. Weddell is all that is needed. A Scout will pick up the bottles.

## Kelowna In Bygone Days

(From the files of the Kelowna Courier)

## THIRTY YEARS AGO

Thursday, July 4th, 1912

"Twenty-five pupils from the city and valley schools have taken the High School entrance examinations, held during the past few days."

A large number of Kelownians took advantage of the opportunity offered by a special trip by s.s. "Aberdeen" to attend the Dominion Day celebration at Penticton. Unfortunately, however, rain fell at intervals all day, turning into a heavy downpour at night, and greatly marred the pleasure of the outing—the first time in a number of years that climatic conditions had interfered with Dominion Day festivities.

In a wrestling match on Friday, June 28th, between Pat Connolly, who claimed to be professional heavyweight champion of Great Britain and Ireland, and Robert Sutherland, then the Kelowna Chief of Police, former heavyweight champion of Scotland, Connolly failed to throw the Chief, although he mauled him about and inflicted some very painful holds. A return match was arranged for a later date.

The induction of Rev. Alex Dunn, B.D., chosen as minister of Knox Presbyterian Church in succession to Rev. A. W. K. Herdman, resigned, took place on Thursday evening, June 27th, in the church in the presence of a large congregation. Rev. G. H. Daly, of Summerland, as Moderator, presided, and other clergymen who took part in the proceedings included Rev. R. J. Wilson, Vancouver; Rev. G. M. Milligan, D.D., Toronto; Rev. C. O. Main, Vernon; and Rev. J. G. Reid, Salmon Arm. The sermon was preached by Rev. Dr. Milligan, while Rev. Mr. Wilson, with whom Mr. Dunn had been associated for a year previous as assistant in St. Andrew's Church, Vancouver, gave the charge to the new minister and also performed the induction ceremony with the assistance of the members of the Presbytery. Rev. Mr. Main led in devotional exercises, and Rev. Mr. Reid addressed the congregation.

Mr. Dunn was no stranger to the congregation, having had charge of the Kelowna church for a short time several years before, and he received a cordial welcome on his return.

## TWENTY YEARS AGO

Thursday, July 6, 1922

"One hundred and fifteen passengers took advantage of the special excursion to Penticton on Dominion Day by the s.s. 'Okanagan,' which left here at 7.30 a.m., returning after midnight. Others went by car and a number also took in the celebration at Armstrong, with the result that Kelowna was very quiet and deserted during the day."

"The new Ruggles fire truck arrived last week and was given a thorough test by the Fire Brigade on Monday night. It more than answered its specifications, making a speed of 37 1/2 miles an hour under a load of 1,500 feet of hose and ten men, a gross weight, including the truck, of nearly 10,000 pounds, and the boys are very well pleased with it."

"A commencement was made yesterday upon the work of oiling the streets. A block of Water Street north from the Bank of Montreal corner was the first to receive treatment, and today the oil was applied on Bernard Avenue, between Ellis and Richter Streets. In order to prepare the streets for the dressing of oil, the work of surfacing was completed by the steam roller

by working all night on Monday and Tuesday, much to the discomfort of light sleepers."

"Very high temperatures have been reported throughout the rural districts during the past week. On Monday afternoon, July 3rd, 96 was registered on a normally well-behaved thermometer hung in the shade of an East Kelowna ranch house veranda, but Rutland claims the Haden championship with 103, recorded upon a thermometer hung in the shade of an ice-house! Next, please."

In 1913 the large concrete building on the corner of Lawrence Avenue and Abbott Street, opposite what was then the Lakeview Hotel, was gutted by fire and nine years later, on June 29th, there was almost an exact repetition of the disaster, about the same amount of damage being done. The Jenkins Company, whose lease of the building terminated the following day, had moved some time before to their new building on Water Street, but they had some equipment stored in their former premises, some of which could not be reached owing to dense volumes of smoke, and their loss was estimated at about \$2,000, partly covered by insurance. Damage to the building was placed at between \$3,000 and \$4,000. The cause of the outbreak, which occurred about the centre of the building at 10.20 p.m., remained a mystery.

## TEN YEARS AGO

Thursday, July 7, 1932

Kelowna was represented at the thirty-sixth annual N.P.A.A.O. Regatta, held at Elk Lake, near Victoria, on Friday and Saturday, July 1st and 2nd, by girls' and men's rowing crews. The Kelowna girls won an exciting race in the senior fours, defeating a James Bay crew in a close finish. The men did not succeed in winning any of their races but made a good showing in the senior doubles, in which Ken Griffith and Don Loane took second place.

A strong contingent of Kelowna tennis players attended the Okanagan Valley Tennis Championships at Vernon on Friday and Saturday, July 1st and 2nd, and reached the finals in every event, retaining the men's and women's singles titles and capturing the women's doubles. Defeating A. E. Hill, 7-5, 7-5, in one of the most thrilling matches of the tournament, J. W. Logie fully defended her title as women's singles champion by defeating Miss Christine MacDonald, of Vernon, 6-1, 6-2. Together with Miss Sutton, of Kelowna, Miss Pease gained another victory in the women's doubles, defeating Mrs. C. M. Watson, of Coldstream, and Miss Joan Proctor, of Endery, 6-4, 3-6, 6-4.

Kelowna athletes competed in a track and field meet at Kamloops on July 2nd, obtaining places in practically all events on the program. Alan Fools captured the 100 yards open dash in 10.2 seconds and the 220 yards in 22.8 seconds. The Kelowna girls' relay team, composed of Joan McCall, Primrose Walker, Barbara Emalie and Joyce Jennens, won the 440 yard relay from the Kamloops and Merritt quartettes. Joyce Jennens won the low hurdles, 80 yards, and took second place in the girls' high jump. Joan McCall placed second in the girls' 50 yards dash and in the 75 yards girls' open, and third in the 100 yards girls' open. Jack Lynes placed second in the men's low hurdles, also in the 120 yards open, third in the men's high jump, second in the 440 yards open and third in the shot put. W. H. Cross came second in the mile race and third in the 120 yards low hurdles.

## r.p.m.'s column

BELIEVE IT OR NOT, men are vastly superior at making tea than women. Now just a minute before the female readers of this column start to lay down a barrage of rebuttal. Don't blame me for that statement and, if you have any complaints about it, take it up with the Empire Tea Bureau which has issued a booklet making that definite assertion. I was surprised at the statement and disappointed that the booklet did not give the reasons for men's superiority in the tea-making arena, at least. . . . Now, if the statement were made about coffee-making, one could readily believe it. The success of coffee-making depends on the amount of coffee to be perked and men are apt to be a trifle more generous with the spoon. This, probably, is because the women of the house when making coffee keep one eye on the housekeeping accounts, with the result that the "one for the pot" is usually skimmed. . . .

r p m

BUT TEA-MAKING is a different story and man is said to reign supreme when it comes to brewing this gift from the Orient. In these days of rationing, we are learning new customs and tea-making is no exception. I have always liked my tea weak but it is only since we have been advised to cut down on our use of tea that I have discovered that the old custom of allowing a teaspoonful for each cup and an extra one for the pot is all wrong. The omission of that extra teaspoonful gives the tea a new delicacy which, to my mind, adds much to the tea and is a decided saving. We are told to use only one level teaspoonful to the cup and pour on boiling water and permit it to brew for five minutes. We are advised, too, to always take the teapot to the kettle and not the kettle to the teapot as the water must be boiling when it is poured on. That seems rather technical but is not so confusing as the advice to always take the water that is to be boiled from the cold water tap and not from the hot water tap. Why? Don't ask me; ask the Empire Tea Bureau. The reason, perhaps, is that hot water in pipes may have or not have something which is detrimental to the tea, but your guess is as good as mine. And, then, of course, the advice is to always use an earthenware pot. That is not new, but it seems to me that tea stays hotter in a pewter pot. This idea, I think, is akin to that old contention that China tea was better served in blue cups because the color of the liquid blended so well. . . .

r p m

SOME OF US LABOR UNDER the impression that orange pekoe is a special kind of tea, a better kind. That, of course, is also wrong. It is not a kind of tea at all but a size of leaf. The tea bush, it seems, is an evergreen and some of them have been in use for a century. The smaller leaves are acknowledged to be the better and the leaves are put through a sieve for grading and we get such trade names as broken orange pekoe, broken pekoe, "orange pekoe," pekoe, pekoe souchong, souchong. The finest tea in the world comes from Darjeeling, Northern India, where climatic conditions are perfect. . . . Most of us know that there are three types of tea, black, green and oolong. All come from the same leaf and differ because they are cured differently. Green tea is heat-treated as soon as it is picked. The black tea leaves are put into a dark, humidified room for several days to bring out the natural juices before having the heat treatment. Oolong comes somewhere between the two. . . . Most Canadians prefer black tea, although French Canadian and many rural dwellers use green tea. Nova Scotia, Ontario and B.C. are the leading tea-drinking provinces, probably because they are predominantly Anglo-Saxon and the Anglo-Saxons are generally tea drinkers. Latin races, Germans, Ukrainians, Poles and Finns—and Americans—are generally coffee-drinkers. . . . People who like good tea frequently complain about what they get in restaurants, but, personally, I would rather take a chance on restaurant tea than restaurant coffee. Of course, the proper way to drink either is clear. . . . If we forget water, tea is more widely used than any other drink. It is used in the Arctic to produce warmth and in the tropics as a cooling drink. It is claimed that a cup of tea will take away in evaporation from the skin fifty times as much heat as it brings to us. Tea has no food value, and while it is habit-forming, no ill-effects have ever been noted from consumption of what seems like enormous quantities. One man, for instance, drank sixty-two cups a day. . . . Rationing has intrigued our curiosity about things we had come to take for granted. Maybe we will be more appreciative of our blessings, come peace. . . .

r p m

WEIRD AND WONDERFUL are the workings of the bureaucratic mind. We have all run up against government servants who, given a little brief authority, act as if they were minor deities, oracles clothed with a mantle of infallibility. The high priest of all such petty bureaucrats is undoubtedly an American customs inspector "somewhere in Alaska." Some weeks ago a contingent of Canadian fliers, ground crews, and military equipment was rushed to Alaska to help in repulsing a threatened Japanese invasion from the Aleutians. At a certain port of entry on the Canadian-Alaska border the Canadians were refused admittance until they paid duty on the equipment which they were rushing up to the combat zone to help out the Yanks. One can picture the O.C. of the Canadian unit, ordered to proceed with all dispatch to meet the Jap invader, faced by a determined representative of the great republic to the south, demanding his "pound of flesh" in the way of customs duty. "If it wasn't so pitiful it would be funny. Alaska threatened, help from a friendly neighbor on the way and precious hours wasted while entangling red tape is slowly unravelled. One man defying hundreds armed with all the weapons of modern war. Horatio at the bridge in reverse. What a commentary on modern democratic government. Gilbert and Sullivan in their wildest dreams never portrayed such a farcical situation. The determined inspector produced his regulations, the bible of the U.S. customs service, and defied the O.C. to show him the section and rule covering such an unheard of procedure. Careful search made it apparent that the U.S. government had never visualized the necessity of anybody ever coming to its aid and wires to Washington produced little immediate result. There the matter might have ended but the Canadian O.C. was made of sterner stuff. Come hell and high water, he had orders to get his men and equipment to Alaska and no blankety blank regulations or the lack of them was going to stop him. Over the unavailing protests of the lone customs inspector the Canadians crossed the Alaskan border and made all haste to their destination, followed by the protests of a bewildered and impotent servant of Uncle Sam. The epilogue is as funny as the impasse at the border. Faced with the fact that the Canadians were already inside its borders and most welcome, Washington had to find a regulation covering the unprecedented action. After careful search a desperate legal staff found a section that exempted distinguished visitors from customs levy. Bureaucratic the problem was solved. Each Canadian soldier, sailor or airman from now on will be classified as a distinguished visitor and won't have to pay duty on his guns, ships or planes. All is well, a diplomatic incident was averted and the world again made safe for democracy.

**ARMY USES CIVIC ARENA AT KAMLOOPS**

City Rents Building to Department of National Defence for Dollar a Year

Work is to start immediately, according to the Kamloops Sentinel, in remodelling the arena in that city for army use. The interior is to be kept in its present condition to fit it for a warehouse for the housing of medical supplies.

An agreement has been signed by city officials and ranking army officers for the use of the building at a rental of \$1.00 per year. This rental is in keeping with the unanimous resolution of the Kamloops City Council a few weeks ago that the city would be glad to place its facilities at the disposal of the Department of National Defence.

It is understood that the seating section of the arena will be walled off, a false roof will be put in and a partition run through the centre. A heating plant is to be installed as well as a refrigerator for the proper keeping of certain medical supplies. Necessary shelving and other such fixtures will, of course, be added. The roof, too, is to be reconstructed. The Army is bearing the expense of the work to be done and, under the agreement, will pay the insurance premiums.

**MAY DISPLAY RUBBER SHOES**

To assist retailers in clearing their stocks of summer footwear, E. G. Burton, retail trade administrator of the Wartime Prices and Trade Board, announces that the Controller of Supplies has ruled that during July and August retail stores are permitted to display in store windows and otherwise advertise summer footwear with crepe, rubber or composition soles, including bathing shoes and summer sport shoes. Retailers are requested at the same time to refrain from using the word "rubber" in all advertising copy.

**ARMY DEFEATS KELOWNA IN CRICKET GAME**

Both Sides Compile Very Small Totals—D. Carr-Hilton Only Batsman to Reach Double Figures

Spencer Cup League cricket matches this year have been marked by unusually low scoring, and Sunday's game, played on the Oval, Kelowna City Park, between Kelowna and an Army team from the Vernon Camp, brought no change. Whether the cause was due to the intense heat or the deadly bowling on both sides, it was not a day for batters and the few runs scored, generally speaking, were earned with difficulty. The one bright exception was D. Carr-Hilton, who opened the batting of Kelowna and held his wicket until nearly the close of the innings, his 24 being the only double figure score of the day. He received very weak support, no fewer than seven of his colleagues having a great big round 0 opposite their names in the score book. L. Hayes gave more help than his score would indicate, as he played a patient, careful blocking game and held up his wicket for about a third of the innings, letting Carr-Hilton do the hitting. The innings began at 1.57, half the wickets were down by 2.10 and at 2.40 it was all over, for the paltry total of 35.

The soldiers had an easy mark to shoot at, but it looked for a time as though they would not be able to reach the Kelowna total. They lost their first four wickets for a total of 18, while Kelowna's first four wickets had yielded 21. However, the next two or three batters knocked out a few runs and with the fall of the eighth wicket the total had reached 33. The last pair of batsmen put the issue beyond doubt and the innings closed for 45, ten ahead of Kelowna. It had lasted just forty-eight minutes.

Although there would seem to be sufficient time for a second innings, stumps were drawn at 3.43.

Both teams are deeply grateful to Mrs. D. Carr-Hilton and Mrs. A. Bland, who prepared and served a delightful supper for the players and lady visitors on the lawn of Mrs. Carr-Hilton's residence.

**GLENMORE**

Vernice Carlson, who entered Kelowna General Hospital nearly two weeks ago, underwent an operation last Friday. She is at present doing as well as can be expected.

Mrs. H. Gill, has returned from Langley Prairie.

Mrs. R. Spiers, recently, of Duncan, V.I., and her five children, have taken up residence in the house on the Ben-Carr Ranch. Mr. Spiers is in the Canadian Army overseas.

Geo. Flintoff, of the Glenmore Grocery, has received a call from Army headquarters to report for medical examination.

Jim Snowsell, R.C.A.F., returned to Regina on Friday, after spending ten days furlough with his parents and other friends here. Mr. Snowsell will remain here for a time with her parents, Mr. and Mrs. G. H. Moubrey.

Mrs. Lewis, Sr., who has been a patient in the Kelowna General Hospital for several weeks, is expected home on Saturday.

Mrs. Archie Rankin is a patient in the Kelowna General Hospital. She has been visiting her daughter, Mrs. Gray, at Macalister, B.C., arrived on Friday last, accompanied by her grand-daughter, June Gray. Mrs. Rankin is visiting at the home of Mrs. Stocks' daughter and son-in-law, Mr. and Mrs. G. H. Moubrey. Mrs. Stocks will return home this week, while June will remain during the month.

Bert Hume, R.C.A.F., has been transferred recently from Edmonton to the initial training school at Saskatoon.

Miss Annie Wonschak, of Endersby, is working at Geo. Flintoff's, helping in the house and store.

Miss Frances Hume is spending a few days with her aunt and uncle, Mr. and Mrs. T. M. Ryall, in Kelowna.

Sheila Henderson left on Tuesday for Kamloops, where she will spend part of her vacation with her uncle, John Henderson.

**GYRO APPLEER BEST IN WORLD**

The Appleer, official organ of the Kelowna Gyro Club, won international mention last week when it was awarded the prize as the outstanding Gyro club bulletin. The Kelowna paper was awarded the prize in a contest which embraced the publication of every Gyro club in Canada, the United States and Great Britain.

The Appleer is published every two weeks. It was designed and is printed in the plant of The Kelowna Courier.

**BOYSCOUT COLUMN**

1st Kelowna Troop  
Troop Third  
Self Last!

Below is a copy of a letter which we have just received from Lt.-Col. Wannop, Officer Commanding the Vernon Military Hospital, which speaks for itself. Naturally we are going to comply with his request, and we shall appreciate very much indeed, therefore, any assistance the public can give in the way of supplying old medicine bottles, ointment jars and tins, and if they will be good enough to notify either District Commissioner Weddell or Scoutmaster George Yochim, a Scout will be sent around for their bottles, etc. It is also likely that the Troop at Rutland and Okanagan Mission will wish to comply with this request as well.

"Since the supply of new medicine bottles is limited and ointment jars and tins cannot be procured, it has been suggested that these may be procured by salvage with the co-operation of groups and individuals. This has been a great saving in the cost of medical care of troops."

"The Boy Scouts are being contacted in connection with the collection of medicine bottles, ointment jars and tins, because it is felt that this is the type of service that can best be carried out by their organization."

"Medicine bottles of all types and sizes, ointment jars and tins, and face cream jars are urgently needed by the Vernon Military Hospital."

"Prior to the increase in the number of troops here, the Vernon Military Hospital and the Basic Training Centre were receiving medicine bottles in sufficient quantity to enable these two units to carry on without obtaining any bottles by purchase. This has been a great saving in the cost of medical care of troops."

"The Armstrong Troop of Boy Scouts is at present collecting, and a list of all kinds of containers of all kinds to this camp. We feel that, with an equal effort on the part of other Boy Scout Troops in the Okanagan, sufficient quantities could be obtained to supply the unit stationed here. Any surplus not required is forwarded by the Military Hospital to District Medical Stores for use when supplying medicines to units and hospitals throughout the Province of British Columbia."

"If it is at all possible for your Troop to collect bottles, tins and jars and store them in an accessible location, we will endeavor to make arrangements with some transportation company to call for and deliver them to us. We would appreciate any suggestion you might have in connection with free transportation in your reply to this letter."

"In closing, we again stress the importance of this service, and we trust we will soon be in receipt of a reply from your Troop that your Troop has organized a salvage campaign for the duration."

**WINFIELD**

F. E. Atkinson's lecture at the Winfield Community Hall on Thursday evening, under the auspices of the Winfield and Okanagan Centre Women's Institutes, had a "fair attendance, and a great deal of interest was created in the drying of fruits and vegetables."

Mr. Atkinson also demonstrated the construction of a home evaporator, which he stated might not be needed so much this year but perhaps by another year would be sorely required. Illustrations and descriptions of this evaporator may be found in the June issue of Country Life in B.C., and those who did not have the privilege of attending Mr. Atkinson's lecture would do well to look it up, as during the busy days it might have been overlooked.

The Pro-Rees of Kelowna are to play a return game with the Winfield boys this week, and our lads promise them a much better game this time.

Mrs. Wm. Petrie left on Monday for Penticon, for a few days' visit with her daughter, Mrs. Daisy Pow.

Mr. and Mrs. Henry Reddicopp are proud parents of a son, born at the Kelowna Hospital on July 5.

Following are the guests at Petrie's Lake Shore Inn: Mr. and Mrs. J. Wilson, Vancouver; Mr. and Mrs. F. Fisher, Penticon; Mr. Frost, Edmon; and in their Canadian Youths' Hostel: Vera M. Balance, Burlington, Ontario; Eula B. Walker, Kelowna; Mary W. Lane, Kimberley, B.C.; Margaret Taylor, Vancouver; MacDonald and Phyllis Baxendale, all of Vancouver.

Mr. and Mrs. George Williamson have left for the Coast, travelling by car with Robert Reid, engineer of the storage plant at the Woodside branch of the Vernon Fruit Union.

Art Pollard, who had his medical test some time ago, has been accepted for the R.C.A.F., and he left for Vancouver on Monday.

Mrs. Floyd L. Irwin, with Lorne and Beverly, arrived from Nelson on Saturday for a holiday with Mrs. Irwin's parents, Mr. and Mrs. Aberdeen. Mr. Irwin is spending this week in Vernon with his Junior High School Cadets.

Mr. and Mrs. Lionel McCarthy are happy over the birth of a little son, born at the Kelowna Hospital on Sunday, July 5.

Perry Clark, who had been a patient for the R.C.A.F., is now home again.

Capt. F. C. Brown left for the Coast on Thursday night, after having spent a few days at his ranch, "Claremont."

Mrs. Jas. Shank arrived on Monday from Vancouver, accompanied by Mrs. Jack Pollard and Miss George Moody, who will visit their parents, Mr. and Mrs. George Moody.

Mrs. W. R. Powley arrived home with Mr. and Mrs. Reid at Vernon on Saturday night, and Mr. Powley drove up for her on Sunday, after a holiday at the Coast.

Pte. Henry Hopp, of Kipling,

**VEGETABLE ODOURS NOT DANGEROUS**

Decaying Vegetation in Flooded Areas is Unpleasant But Not Injurious to Health

"There is nothing injurious to health from the odour which comes from rotting vegetation around the city at the present time," Alderman W. Hughes-Games, chairman of the Health Committee, stated this week. During the past few days the city of Vancouver has received many complaints about bad odours in those sections of the city where there is seepage from the lake. Many low lying areas have been flooded by seepage and the vegetation growing there has now commenced to decay.

Dr. J. M. Hershey, Medical Health Officer, has stated that there is nothing to fear from the health point of view. He points out that the flooded vegetation is bound to decay and that nothing can be done to prevent it or the smells which will emanate from it.

However, the city has used a liberal hand in the sprinkling of chloride of lime in all places where seepage water has appeared. The smell in some sections is unpleasant but not dangerous and simply must be endured until the mosquitoes until its time is passed. The enduring is made a little easier by the knowledge that at the worst it is only unpleasant.

**EAST KELOWNA**

News has been received from Ottawa that Ted Foot, the R.C.A.F., has passed at the head of his class with special distinction and has been gazetted a Pilot Officer.

Nora Perry and Verna Nield left for Vancouver last week to take their medical examinations before joining the R.C.A.F.

Word has been received that Edward E. Calvert has arrived safely in England.

Miss Marcelle Moodie returned Monday to her home on the Bench for the summer vacation.

Mrs. Ivor Price, of Vancouver, daughter of Mr. and Mrs. J. S. Benson, is spending three weeks with her parents. Ivor Price is at the Vernon camp for two weeks training with the Irish Fusiliers.

F. D. Price, who had spent the past two weeks as the guest of his son and daughter-in-law, Mr. and Mrs. S. Price, left Friday for his home in Minnedosa.

Sgt. Nigel Pooley, who has been with the Princess Pats overseas for the past two years, is spending a furlough with his mother, Mrs. W. R. Pooley.

F. Foot left last week for Ottawa to attend the graduation exercises of the R.C.A.F. Ted Foot is among those graduating.

Miss Joan Pooley, of Vancouver Island, is visiting her mother, Mrs. W. R. Pooley.

**FORMER LOCAL POLICE OFFICER SHOT OVERSEAS**

H. P. Calvert Shot Attempting to Escape From Germany—Here in 1932

Word has been received here that Sgt. Observer Harold P. Calvert was shot while attempting to escape from a German prison camp on May 20th. He had been taken prisoner on August 16th last when his plane was shot down over Germany. Sgt. Calvert was then thirty-two years of age and was well-known in Kelowna. He came to this city as a constable of the B.C. provincial police, when that body took over the duties of the city in 1932. He subsequently married Miss Margo Homer-Dixon, of Victoria, who is a cousin of Eugene Homer-Dixon, well known in Kelowna sporting circles.

**B.C.F.G.A. SEEKS PRAIRIE WOMEN**

Co-operation With Fraser Valley Hop Companies

Contact has been established by the B.C.F.G.A. with four hop-growing companies, with headquarters at Sardis, B.C., in the hope that a co-operative arrangement may be reached, whereby the hop pickers, first for the hop picking and then, about August 15, for the B.C. tree fruit area. The B.C.F.G.A. was informed that the hop growers were interested in bringing women into the Prairies, and at this seems to be the only substantial labor supply in sight. The B.C.F.G.A. is investigating to see if anything can be done, as head office has also written to Hon. G. S. Pearson, B.C. Minister of Labor, re the agreement that was reached with the Fraser Valley berry growers that one-third of the Prairie women's railway fare would be reimbursed by the Government after they had worked for twenty-one days.

The B.C.F.G.A. is assured by a representative of the Dominion Unemployment Insurance Commission that the Commission will co-operate in every possible way if the necessary arrangements can be made.

As for the projected Women's Land Army, which the Vancouver Local Council of Women was trying to organize, the B.C.F.A. head office has received a letter from Mrs. Gladys E. Simms, Secretary of the Council, to the effect that no definite information is yet available as to whether Coast women can be enlisted to work in the Interior orchards at picking time.

Sask, who is training at Vernon, spent the week-end with his sister and brother-in-law, Mr. and Mrs. Alec McDonagh.

**JAPANESE GIRL KILLED IN CRASH AT SUMMERLAND**

Fumi Tada, daughter of George Tada, of Summerland, died on Tuesday morning of last week in the Summerland Hospital as the result of injuries received when her father's light delivery truck, in which she was riding, collided with a White & Thorneval truck driven by James Dundas.

The truck, with a load of shale, was coming out of the H. Tomlin shale pit and had reached the centre of the road when the light delivery came down the hill and, rounding a curve, bumped into the rear wheel of the truck. The light delivery had the bumper, right fender and light badly broken and the radiator damaged.

Passing autos were soon on hand and a physician was promptly called. Miss Tada was rushed to hospital, where she died soon after admittance.

## YEAR'S HOT MARK TO DATE NINETY-SIX

July 2nd Hottest Day But Six Degrees Short of Record

While summer weather arrived with the last day of June, the first week of July laid down a heat barrage which made local citizens recall the all-time record created last year.

Ninety-six, reached on July 2nd, was the record created for the year to date, and this was six degrees short of the all-time high of 102 made on July 17th of last year.

Ninety was reached on July 1st and ninety-six on July 2nd with a drop to ninety-three on July 3rd. The 4th, 5th, 6th, and 7th, touched 80, 87, 87 and 84 respectively.

The minimums recorded during the nights, however, have been surprisingly high with three of them being over sixty, a high night temperature for this district. The minimum Monday night was 50, but Tuesday night it jumped to 64, something of a record this year.

The maximum during the first week of July a year ago was 85, reached on July 6th. The real hot spell did not come until a week later, when the 15th reached 98, the 16th touched 99, and the 17th topped all records with 102. The 18th dropped back to 96.

### Cheque Bounces 200 Miles

A tornado bounced through Kansas City recently, carrying off a \$270 cheque from the desk of J. E. Wyatt. Weather-worn but intact, the cheque was returned by a Unionville, Mo., bank with the explanation that it had been found by Hugh Mannon, of Mendota, Mo., in his pasture, 200 miles north-east of Kansas City.

## RETAIL PURCHASE TAX

The purchasing public is reminded that under new regulations effective June 24th, 1942, retail merchants are required by Law to add to the selling price of CERTAIN COMMODITIES a special War Revenue Tax, and the merchant has to indicate that this Tax has been paid by affixing an excise stamp of the appropriate value either on the invoice covering the purchase or on the article, the stamp being duly cancelled after use.

The articles affected by the new Excise Tax are too numerous to mention here, but merchants have printed lists of the articles affected by this order. Retailers should obtain the needed Excise Tax stamps from the Collector of Customs.

E. W. BARTON,

Secretary, Retail Merchants Bureau.

## LABOR SHORTAGE LOOMS

Vernon Camp Construction Drawing Men From Regular Jobs—Serious Situation may Develop

A serious labor condition is arising throughout the interior with many employees leaving their jobs to seek employment at Vernon. The new army camp at Vernon which is now under construction, it appears that wages there are higher than in the interior, and many men are forsaking their steady jobs and seeking employment as carpenters at the Vernon camp.

Just how seriously the fruit industry may be affected by this move is indicated by the statement of box shuck manufacturers who state that they will be unable to fill the orders in hand, to say nothing of the orders yet to be placed. The packing houses have also indicated that they are losing men to this source, and this, added to the fact that many men are subject to the new draft call, is causing a great deal of concern.

It is being caused to a large extent by the government's cost-plus policy, one packing house operator stated on Wednesday with a touch of bitterness. "The contractors do not care what they pay as long as they get the labor as they can pass the cost along to the government and collect their profit. Just the same, unfortunately Valley industries cannot do that as they must keep their expenses down to the level of their revenue."

There seemed to be general concern that local industry would be seriously handicapped through the raids upon their employees of government contractors and the calling of men to the army. The box shuck situation may be very serious to the industry and a complete revamp of the situation is now underway. Both manufacturers and packers are figuring what they will require or what they can supply but present indications are that the supply will fall considerably short of the demand.

## DEMAND FOR CHERRY PICKERS IS VERY SMALL

Presumed Growers Used Thinners to Pick Cherries—Situation in Hand

The labor situation at present is well in hand, according to information given Wednesday by both Chester Owen, secretary of the Kelowna Harvest Corps Committee, and the local Dominion of Canada Employment Office.

While it is true that all labor was not experienced, nevertheless all calls have been met and, as far as the present situation is concerned, the worst seems to be about over. Officials were surprised that there were not more calls for cherry pickers, but it is presumed the cherry growers took their thinners and had them clean up the cherry crop.

Farm laborers are very scarce and mixed farmers are having great difficulty in handling their dairy herds and crops, although surprisingly there have been few applications for this type of help made at the labor office.

A meeting of the Kelowna Harvest Corps Committee is being held on Thursday night and the whole situation will be reviewed at that time and plans made for the assistance of townspeople during the peak demand for labor in September.

## CRIMEA DOESN'T SEEM TO PAY, EITHER!

## SHIPMENTS INDICATE LATE SEASON

Shipment of Most Crops Far Behind Last Year

The lateness of the current season in the Okanagan is startlingly shown by a comparison with the shipment of fruit and vegetables shipped last year and this year to date.

Such a comparison made to July 6th shows that in 1941 153,940 pounds of celery had been shipped, while this year only 27,560 pounds had left the Valley.

The same applies to most other fruits and vegetables. Hot house tomatoes, for instance, had reached 5,228 packages last year, and this year shipments only total 1,888. At this time last year 1,901 packages of field tomatoes had already been shipped, while this year there has been no movement at all.

Last year, 8,032 sacks of potatoes had moved, and this year only 4,080. Cucumbers are another startling example with this year's figure of 2,021 compared with last year's 17,381. Lambert cherries shipped in 4-basket crates told the same story. Last year there had been 10,820 moved by July 6th. This year only 2,182 had gone out by that date.

Lettuce, onions, carrots, turnips and early peaches all tell the same story.

## HIGH PRAISE FOR RED CROSS

Contents of Clothing Parcels Receive Commendation of Women Volunteers in England

High praise for the Canadian Red Cross was received recently by Mrs. Justice Gordon, National Chairman, from the Marchioness of Reading, chairman of the Women's Voluntary Services for Civil Defence in London. The letter reads in part: "Only today, one of our members, unpacking a case arrived from you, felt that she must attach a note to the official receipt which is sent to us at Headquarters, and this note said: 'This case is perfect, exquisite, packed with beautiful clothes. I do think some one should write to the Canadian Red Cross about it; it is so wonderful.'"

The case referred to was No. 3448, which arrived at the s.c. Boston City. This spontaneous admiration is no exception, but I hope this incident will help you to realize what a wonderful effect your gifts have in addition to their material value. There is so much today, that gestures of kindness and care are more prized than they have ever been before."

## ENDERBY HAS HAY LOSS

Wet Weather Has Delayed Harvest and Much Hay Has Rotted After Cutting

It is expected that there will be a considerable loss to farmers in the Enderby district from first hay crops this year, due to the unsatisfactory weather. Farms all along the Enderby-Salmon Arm road and Enderby-Grindrod road still have most of their crops in the fields. Three-quarters of the hay that is still out is rotted, making it entirely useless. By clearing off the first crop, however, it is still hoped that there will be better weather and that a good second crop will help to make up for loss of the first.

The group of farmers in the Enderby-Salmon Arm district who were unfortunate in having many of their cows condemned following the recent Government tuberculosis test have decided to appeal and, following a 60-day period, will have further tests taken. On the small number of farms in this one area, 27 cows were condemned.

Mrs. A. H. Povah has returned from Macleod, Alberta, where she attended the graduating exercises of the R.C.A.F., on July 2.

## THREE FIRES IN HILLS AT WESTBANK

Fear Fire at Paynter Lake Will Damage Irrigation Flume

Severe heat and a recent electric storm have caused several fires in the hills surrounding Westbank. The first blaze to be reported is approximately twenty miles north-west of here, and between Paynter and Cameron Lakes.

Although local residents reported noticing smoke on Sunday afternoon, the report was not confirmed until Monday noon, when a message was received from Little White Lake. Forest Warden Earl Lundin organized a party of men and it was thought that they would reach the location of the fire by Tuesday noon, as they would be forced to cut their way through about three miles of timber.

As far as can be determined at present, the area burning is perhaps seventy-five acres and the fire, though starting in a burned-off section, has worked its way into green timber.

Since Paynter Lake is one of the sources of Westbank's irrigation, some anxiety is felt for the safety of fluming and it is hoped that the water shed will not be affected.

On Tuesday, two smaller fires were reported, one at Bear Lake, the other at Bear Creek. Groups of fighters have been organized for these. The Bear Lake fire is more accessible than that at Paynter Lake, and a logging road, built recently, makes it possible to get directly to the lake.

It is generally believed that all three blazes were the result of lightning starting in a burned-off section on Saturday.

Mr. and Mrs. D. Clarke left on Thursday for Langley Prairie, following several days of holiday at the home of Mr. and Mrs. Douglas Griffin.

Mr. and Mrs. D. Gellatly had as their guest recently Dr. H. T. Gussow, Dominion Botanist, of Ottawa. Mr. and Mrs. J. W. Hannam have as their guests a daughter, Mrs. Young, of Victoria, and her two children, also Jacky and Peggy Muir, of Princeton.

Friends of Mrs. L. D. Hitchner will be pleased to know that she is leaving several days of holiday in Kelowna, following her recent injury.

Mr. and Mrs. Howard Purdy returned home to Flin Flon on Friday of last week.

A recent visitor here was Dave Smith, of Beaverdell.

Miss Margaret Griffin has returned home from Vancouver.

Miss Ethel Webber has returned home from Fernie, where she has spent the past several months.

It is reported that the new addition to the Co-operative Growers packing house is for the accommodation of vegetables, of which this house expects to handle a good deal.

This week saw the start of cherry packing here. The crop is considerable, though not so large as in former years.

On Friday of last week an interesting demonstration of dehydration of fruit was given at the home of Mrs. T. B. Reese by F. E. Atkinson, of Summerland Experimental Station.

A special meeting of the Westbank-Peachland Branch of the Victorian Order of Nurses was held at the home of Mrs. Pritchard on Wednesday evening last, the purpose being to consider the resignation of Miss Dorothy Pauline, who has accepted a position on the staff of the Trail branch of the V.O.N. Regret was expressed at the loss of Miss Pauline, who has made many friends here and in Peachland in the course of her brief stay.

A further effort had been in progress to put the half-time service into effect. This, however, had met with no success and, as sixteen new families had moved into Westbank alone, it was decided not to interrupt a service which had proved of such benefit in the past. It was decided, therefore, to secure the services of a full time nurse.

## DEMAND GREATER THAN SUPPLY

Most Fruit and Vegetables Finding Very Receptive Market

Sixty-four cars of fruit and vegetables moved out of the Valley during the past week to find a steady demand. In most lines the demand is currently greater than the supply, due to the fact that there is strong buying power on the prairies and the general movement is late. This latter factor has created a tendency among the purchasing public to grab both the fruit and vegetables as soon as they appear on the market.

There is an actual shortage in potatoes, carrots, tomatoes, beets and turnips, while cabbage, celery, peas and onions are moving fairly freely. Cherries are finding a very firm market, and growers are warned to protect their Lambert crop by judicious spraying. Aphids cut the Bing crop considerably and resulted in more being sent to the processors than had been anticipated.

It is impossible to send to the fresh fruit market cherries in the sticky condition caused by aphids.

Dump duties were imposed on apples on July 7th, and on apricots, cucumbers and celery on July 8th.

Early apples are commencing to move at about the rate of fifty boxes a day. Apricots are also commencing to move and they are accompanied by a few early clingstone peaches.

## CREDIT PLAN FOR COAL PURCHASE IS ANNOUNCED

Ottawa Sponsors Bank Credit Plan to Speed Up Fuel Purchases During Summer Months

A government sponsored credit plan, enabling consumers to buy fuel at discount rates through chartered banks and thus facilitate early purchase of fuel supplies, has been announced by the Wartime Prices and Trade Board.

Under the credit system, the banks will discount notes tendered by customers whose dealers recommend them as satisfactory credit risks. Dealers are not obliged to adopt the plan but the majority are expected to co-operate.

Advances from the banks, to be not less than \$50 and not more than \$250, are to be repaid in equal monthly instalments, with the deadline for repayment, May 15, 1943. Interest payable by the consumer will be at the basic rate of 6.2 per cent, as under the home improvement plan.

All coal purchased under the credit plan, the Board said, should be delivered by August 31 this year. An extension to September 15 will be allowed in special cases where dealers are unable to fill orders by August 31.

Despite repeated official appeals to buy early, dealers' reports show the response has not been adequate. One of the biggest difficulties in preventing consumers from obtaining supplies early was presumed to be the financial factor, so the credit plan has been decided upon.

Trying It Again

On going into the cowshed, the farmer was surprised to find the new hand, a town girl, giving one of the cows a drink from her milk-pail.

"What are ye doin' that for?" he demanded.

"Well," explained the girl, "the milk seemed pretty thin to me, so I thought I'd better put it through the process again."

turned in. Westbank had been leading, but Peachland came well up in the list of the meeting. What all members remarked was the fact that donations came in now without a canvass, whereas in other years, the work of collecting was very hard indeed.

At a meeting of the Westbank Irrigation District, it was decided to give \$35.00 donation to the Cemetery Committee for the purpose of putting water on the grounds.

## RIGHT MAN IN RIGHT JOB PROBLEM

Is Task of Local Employment Office—Some Difficulties

Even in these days when there are plenty of jobs, the problem of placing unemployed men is not a simple one. People who note that there is a number of unemployed registered at the Unemployment Commission's Employment and Claims Office, and that there are also vacancies listed, sometimes wonder why the unemployed persons are not immediately placed in the vacancies.

The answer to this question was given today by James H. McVety, Regional Superintendent, Pacific Region, who pointed out that it is not a matter of placing individuals in vacancies, but rather one of putting the right man in the right job. Mr. McVety illustrated his point with figures taken from the records of one of the Employment and Claims Offices at the end of last month. At that time there were 570 applicants for work listed in the office. There were also 185 unfilled vacancies. In the great majority of cases, however, the applicants were not qualified to fill the vacancies. Naturally, when an employer asks the Employment and Claims Office to supply him with an auto mechanic, for instance, he will not be satisfied with a man who is equipped by training and experience to do something quite different.

At the office referred to by Mr. McVety there were 2 vacancies for bookkeepers. No fewer than 45 bookkeepers and clerks applied for work. On the other hand, there were 25 vacancies listed for farm hands, with only 2 applicants. No vacancies existed for carpenters, but 41 carpenters and 25 rough carpenters were applicants. Similarly, there were no vacancies for painters with 11 applicants. For one position as caretaker there were 43 applicants.

The machinist's classification showed a great superfluity of vacancies on the other hand. There were no fewer than 25 vacancies for machinists and boiler-makers at this office on the date in question. Not a single machinist or boiler-maker was available. There were 15 vacancies for special R.C.M.P. constables. Again, out of the nearly 600 applicants there were no constables.

Analysis of the lists of vacancies and applicants illustrated the difficulty of reconciling the two things. Fortunately, said Mr. McVety, the War Emergency Training Program affords opportunity for many applicants to obtain necessary training and thus tends to assist in reaching a balance.

It is impossible to get a clean slate and balance vacancies and applicants, Mr. McVety said. While there may be plenty of work at a certain time and also quite a number of unemployed, the Employment and Claims Offices are constantly faced with the difficulty of placing the right man in the right job.

## 'KEEP THEM SMALL, KEEP THEM COMING'

What to Send in Parcels to Soldiers Overseas

Men and women in the Canadian Services overseas welcome parcels from home not because their rations aren't adequate, but like other mail, for their morale value.

"Keep them small, but keep them coming," is the theme of many letters arriving from the United Kingdom.

What to send? Home-made sweets are fine, but you'll have to take the necessary sugar from your ration. Canadian troops overseas are allowed a sugar ration of 14 oz. a week. Hard cookies, short breads, hermits and fruit breads and cakes are favorites.

Send home-made candy, pour it directly into a cardboard or tin container lined with waxed paper. Don't cut in pieces. It travels better whole.

Send notepaper, pencils, packs of cards, tooth paste, razor blades, cigarettes, tobacco, handkerchiefs, socks, chocolate bars, toffee, fudge, butterscotch, lifesavers and chewing gum. The last items make good chink fillers between packages as do handkerchief tissues.

Wrap foods carefully. In packing cookies, line the box with waxed paper and put a thin cardboard between each layer. Place less perishable kinds at the bottom.

Use sturdy lightweight container and stout wrapping paper and wrap or tie all parcels securely. Remember the 1-lb. maximum. A lot of goodness and variety can be packed into a 6-lb. parcel.

## WASTE AND FRILLS OUT OF FASHION

Waste and frills are out of fashion! The ruffles you omit from your next pair of curtains will help to spread the available supply of cotton, which will become growingly scarce because of the increased demand for war purposes, as well as shortage of labor and of materials for manufacture.

Those who make their own curtains and slip covers can contribute to the war effort by sticking to the simplest styles—straight-hanging tailored curtains that stop at the window sill, and slip covers whenever possible. Dirt is the enemy of fabric life. Wash or clean curtains and slip covers before they get so dirty that harsh cleaning methods must be used.

Good Advice

In the grammar lesson one day, the teacher wrote on the blackboard: "I didn't have no fun at the seaside."

Then she turned round to her pupils and said to one: "Roland, how should I correct that?"

"Get a boy friend," he told her.

Dick Misener, of CKOV, left on Saturday for Winnipeg, where he is spending a holiday.

## SAVING RUBBER—THE ARMY WAY

Canada's soldier is second to none and the training he is getting both here and overseas prepares him for fighting under hardest conditions. In the photograph above the Army driver has his own scheme of rubber salvage, travelling his jeep with all wheels off the ground. He's just cleared an obstacle and is levelling off for a four point landing.

## PRESENTATION IS MADE AT OK. MISSION

Rev. F. Henderson Given Pencil at Last Service

Rev. F. Henderson took the Communion service last Sunday at St. Andrew's Church, Okanagan Mission. It was his last service in the Mission before he left to join the R.C.A.F. on Monday, Michael Paine, Robin and Keith Young presented him with a pencil in appreciation of the religious instruction he has given them during the past year.

Captain and Mrs. Jeffery Hale and Cameron Wilkinson arrived in the Mission last week. Captain Hale is home for two weeks leave at the end of which he leaves for the Coast for his final discharge from the Army.

Mrs. L. Evans left for the east last Monday, to spend a holiday with her husband, A.C. 1. Larry Evans, R.C.A.F.

Flight Lieutenant W. A. Hobson, Flying Officer Garden and Flight Lt. Biddle, all of the R.A.F., left for Bowden, Alberta, last Sunday, to take their advanced training for the Air Force.

Bombardier Dick Ford, of the Coastal and Anti-Aircraft Artillery Training Centre, Radio Wing, Debert, N.S., left on Saturday after spending nine days leave in Kelowna visiting his parents, Mr. and Mrs. G. B. Ford, Okanagan Mission.

Bruce Povah, son of Mr. and Mrs. A. H. Povah, received his commission as Pilot Officer in the R.C.A.F. at the graduation exercises held in Macleod, Alta., on Thursday, July 2nd. Pilot Officer Povah was the first in his class of forty-three and was given a gold identification disk for general proficiency.

Murray Tait, of Kelowna, was second in the same class, and he, too, received the rank of Pilot Officer.

Both officers spent the week-end in Kelowna prior to leaving for Charlottetown, P.E.I., where they have been posted to take a course in general reconnaissance.

Ron McOlymont, son of Mrs. Anne McOlymont, received the rating of Sgt. Pilot at the same time, and after spending two weeks leave in Kelowna has been posted to Patricia Bay.

Jim Arthur, son of Mr. and Mrs. James Arthur, of South East Kelowna, arrived safely in England with the last convoy.

Norman Aspey left on Wednesday for Vernon, where he will join the Royal Canadian Ordnance Corps.

Lieut. Charles Collison, 1st Battalion, Canadian Signals, Calgary, is now on leave in Kelowna and will return to his station on Saturday.

Pte. E. E. Splers, of the 30th Coy, C.F.C., has arrived safely overseas. This word has been received by Mrs. Splers, who is in Kelowna.

Rev. Frank Henderson, left on Monday for Lachine, Quebec, where he will take up his duties as padre in the R.C.A.F.

L.A.C. Jack Gordon, of the R.C.A.F., left on Saturday for Edmonton after spending his leave visiting his parents, Mr. and Mrs. J. Gordon.

O. L. Jones, who held the rank of Captain in the last war, has been commissioned in the Reserve Army with the rank of Lieutenant.

Lieut. J. R. "Tim" Armstrong, of Calgary, spent the week-end in Kelowna.

Pte. Robert High, R.C.A.S.C., Debert, N.S., is home on furlough, visiting his parents, Mr. and Mrs. A. High, Rutland.

Lieut. Commander C. Green, of Vancouver, was a visitor in Kelowna this week.

Telegrapher Michael Drinkwater, of H.M.C.S. Melville, is spending his leave in Kelowna, visiting his parents, Mr. and Mrs. J. H. Drinkwater. He leaves on July 12 for Shelburne, N.S., where he will re-

## WITH THE SERVICES

(Friends and relatives of men who are serving in any branch of His Majesty's Services are invited to send in contributions to The Courier for this column, either by mail or phoning 96.)

Lieut. Jackson Murray Barber spent part of Army Week at the home of his father, G. G. Barber, 283 Richter Street. He left on Thursday for Camp Borden.

Sgt. Ross Murray, wireless air gunner with the R.C.A.F. in England, is reported "wounded, not seriously," on June 20th. Sgt. Murray is well known in Kelowna. He is a son of the late Mr. and Mrs. Marshall Murray, of Penticton, and was a member of the staff of the Penticton Herald prior to his enlistment.

Bombardier Dick Ford, of the Coastal and Anti-Aircraft Artillery Training Centre, Radio Wing, Debert, N.S., left on Saturday after spending nine days leave in Kelowna visiting his parents, Mr. and Mrs. G. B. Ford, Okanagan Mission.

Bruce Povah, son of Mr. and Mrs. A. H. Povah, received his commission as Pilot Officer in the R.C.A.F. at the graduation exercises held in Macleod, Alta., on Thursday, July 2nd. Pilot Officer Povah was the first in his class of forty-three and was given a gold identification disk for general proficiency.

Murray Tait, of Kelowna, was second in the same class, and he, too, received the rank of Pilot Officer.

Both officers spent the week-end in Kelowna prior to leaving for Charlottetown, P.E.I., where they have been posted to take a course in general reconnaissance.

Ron McOlymont, son of Mrs. Anne McOlymont, received the rating of Sgt. Pilot at the same time, and after spending two weeks leave in Kelowna has been posted to Patricia Bay.

Jim Arthur, son of Mr. and Mrs. James Arthur, of South East Kelowna, arrived safely in England with the last convoy.

Norman Aspey left on Wednesday for Vernon, where he will join the Royal Canadian Ordnance Corps.

Lieut. Charles Collison, 1st Battalion, Canadian Signals, Calgary, is now on leave in Kelowna and will return to his station on Saturday.

Pte. E. E. Splers, of the 30th Coy, C.F.C., has arrived safely overseas. This word has been received by Mrs. Splers, who is in Kelowna.

Rev. Frank Henderson, left on Monday for Lachine, Quebec, where he will take up his duties as padre in the R.C.A.F.

L.A.C. Jack Gordon, of the R.C.A.F., left on Saturday for Edmonton after spending his leave visiting his parents, Mr. and Mrs. J. Gordon.

O. L. Jones, who held the rank of Captain in the last war, has been commissioned in the Reserve Army with the rank of Lieutenant.

Lieut. J. R. "Tim" Armstrong, of Calgary, spent the week-end in Kelowna.

Pte. Robert High, R.C.A.S.C., Debert, N.S., is home on furlough, visiting his parents, Mr. and Mrs. A. High, Rutland.

Lieut. Commander C. Green, of Vancouver, was a visitor in Kelowna this week.

Telegrapher Michael Drinkwater, of H.M.C.S. Melville, is spending his leave in Kelowna, visiting his parents, Mr. and Mrs. J. H. Drinkwater. He leaves on July 12 for Shelburne, N.S., where he will re-

## COAST MEDICO DIED HERE FRIDAY

Dr. H. E. Tremayne Had Resided Here Two Months—First Doctor at Prince Rupert

The death occurred at the Kelowna General Hospital on Friday, July 3, following a brief illness, of Dr. Henry Ernest Tremayne, aged sixty-eight years. He was a son of the late Rev. Canon of Francis Tremayne, of Mimico, Ontario.

Dr. and Mrs. Tremayne moved to Kelowna from Vancouver on May 11th last.

Dr. Tremayne was a veteran of the South African War and of the First Great War, and was well-known at the Coast. He was the first doctor in Prince Rupert, where he practiced from 1906 until 1916, when he went overseas with the Canadian Army Medical Corps.

During 1919-1920 he was Pensions Officer in Victoria, then he returned to Prince Rupert, in 1923 he was appointed Quarantine Officer at Williams Head, where he resided until December, 1936, when he retired owing to ill health.

Dr. Tremayne leaves, besides his widow, four daughters, Mrs. W. H. Hamilton, of Macleod, Alta.; Mrs. R. A. Stiefel, of Battle Creek, Mich.; Mrs. R. H. Goepel, of Kelowna; and Mrs. James Lyon, of Kelowna, and five grandchildren.

Funeral services were held from the Sutherland Funeral Parlors on Sunday afternoon, July 5. The bearers were J. Lyon, R. Prosser, S. D. Walker, D. C. Paterson, Lieut. R. Goepel, Vernon, and Capt. Robert Hogarth, Vernon.

Mrs. J. Hale Returns From Overseas

Drove Naval Staff Car—Capt. Hale Also Returns From Britain

Mrs. Jeffery Hale arrived in Kelowna last Thursday from England, where she was with the Mechanical Transport Corps, driving a staff car for the Canadian Navy Headquarters, London.

Mrs. Hale was with Miss Annette Mitchell, a sister of Mrs. Harry Angle, of Kelowna, who is in England, where they were both driving five-ton maintenance lorries for the R.A.F.

Mrs. Hale stated that it was hard work from seven in the morning until seven in the evening, yet, in spite of this fact, they had fun, and they all thoroughly enjoyed every minute of it.

Captain Hale arrived in Kelowna on Saturday from England and has been reboarded as Category E in Canada. He is now awaiting approval by the Medical Board of Discharge, National Defence Headquarters, Ottawa. He was with the 3rd Light Anti-Aircraft Artillery overseas.

Sub-Lieutenant A. G. Morrison, Kelowna, has been on leave in Kelowna, the guest of his sister, Mrs. Andy Patterson.

Chaire Atkins, son of Mrs. W. E. Atkins, Pendozi Street, received his commission as Pilot Officer in the R.C.A.F. at the graduation exercises held at the North Brandon S.E.T. School on July 2. Pilot Officer Atkins was third in a class of thirty-five. After spending his leave in Kelowna, he will be posted to Summerside, P.E.I., where he will take a general reconnaissance course.

Captain R. B. Gordon, of Calgary, spent the week-end in Kelowna.

Sgt. George Horne, R.C.A.S.C., stationed at Carberry, Man., will arrive in Kelowna on Friday to spend the week-end visiting his brother and sister-in-law, Mr. and Mrs. Hugh Horne.

Harold Pettit left on Wednesday for Vancouver, where he will join an anti-aircraft battery.

Sgt. Nigel Pooley, 4th Canadian Reconnaissance Battalion, has returned from England and is spending his leave in Kelowna, visiting his mother, Mrs. W. R. Pooley, of East Kelowna, prior to going to the Coast, where he will be an officer's training course. Sgt. Pooley leaves Kelowna on July 15.

LIVES HERE AND LIKES IT

## Mc & Mc Service Department

... under the personal supervision of  
**LAWRENCE WALROD**

Lawrence is a busy man and Mc & Mc wish to let their many customers know this department is being handled with as much care and speed as it is possible to exercise. Lawrence guarantees his work and asks our customers' tolerance if they do not get their radio or other service work finished and back to them as quickly as is thought should be. Service work, which requires a home call, should be in by 9 a.m. At that hour Lawrence leaves the store and is not, owing to gas rationing and the rubber situation, making any calls in the afternoon. Kindly bear with us in this request and bring your radio to the store, otherwise the call will be attended to the next day. In either case the work will be done as quickly as possible and your radio or other work returned. Please bear in mind parts are sometimes hard to get.

RIGHT NOW WE WOULD LIKE YOU TO HELP US HELP LAWRENCE TO HELP CANADA BY SAVING GASOLINE AND RUBBER!

We are always at your service. Thanks for your past patronage.

Sincerely yours,

**McLENNAN, McFEELY & PRIOR** (Kelowna) LTD.

## LIBRARY LOANS MANY BOOKS DURING JUNE

Three Thousand Two Hundred and Sixty-nine Books Borrowed from Local Library

Three thousand, two hundred and sixty-nine books were borrowed from the shelves of the Kelowna branch of the Okanagan Union Library during the thirty days of June. Twenty-six hundred of these were borrowed by adults and six hundred and sixty-nine by juveniles.

In the adult list, fiction naturally led with 1,000, but nevertheless, the 992 non-fiction titles are an excellent percentage.

The breakdown of the circulation for June was as follows: General works 17; philosophy, 54; religion, 8; sociology, 23; language, 5; natural science, 25; useful arts, 73; fine arts, 58; literature, 57; travel, 212; biography, 327; history, 133; total non-fiction, 992; fiction, 1,008; total adult, 2,000; total juvenile, 669; general total, 3,269.

Thirty-six people have registered as new borrowers, of whom sixteen were transients. The library is always glad to welcome Kelowna's visitors. A fee of 25 cents a month is charged until six months have passed, then, if still living here, the borrower is considered a resident and receives the customary free service given to all citizens.

**Books Added**  
New books added to the shelves recently include the following titles: "Men Who Make the Future," Bliven; "Prayer," Buttrick; "A Book of Prophecy," Cournois; "Apache Days and After," Cruse; "Heroes Have Known," Eastman; "Our Hawaii," Fergusson.

**To Preserve Egg Yolks**  
Egg yolks, if unbroken, may be preserved by covering with water and keeping in a cool place. If broken, they may be beaten together and covered tightly without the addition of water. Egg whites, if covered and chilled, will keep for some time.

**Driving Nails**  
Nails can be driven into hard wood without difficulty if they are dipped into oil or grease, or if the points are rubbed over a cake of soap. This also applies to screws.

## ANNOUNCEMENT

Effective July 15, 1942

Due to the necessity of conserving Tires, Gasoline and Man Power, we have decided to discontinue pick-up and delivery service of Greyhound Express in Penticton, Kelowna and Vernon, these being the only points where this service is given.

We hope our customers will accept this elimination of service as a necessary war measure, realizing that every delivery eliminated saves vital war supplies.

**B.C. GREYHOUND LINES LIMITED**

## What Do You Pay? Here's The Answer

If he takes it slow and easy, Mr. Taxpayer will figure out how much he will owe the Government on his 1942 income, under the new tax set-up this way:

You earn \$5,000 (put in your own figure) and you have a wife (have you?) and two children (how many for you?).

Now you look at the new tax form and find that there is a normal rate of 7 per cent, applicable on the total income (if it exceeds \$1,200 for a married man and \$800 for a single person). So you owe 7 per cent of \$5,000 or \$350 on this one item. (If you are single, this 7 per cent rate increases to as high as 9 per cent in ratio to your income).

But, under this normal rate, you are allowed \$28 deduction for each child. As you have two, you can knock off \$56 from that \$350. You put that \$294 down in the "I owe the Government" column and leave it there while you go on and figure out the rest of what you owe.

The rates on the second section of the tax vary, apply to all the income over \$600, and start at 50 per cent, the first \$500, and rise to 65 per cent where the income exceeds \$100,000.

So, on this second part, you start all over again with your \$5,000. You deduct \$600, leaving \$4,400, on which you have to pay the tax.

On the first \$500 you pay 50 per cent, \$250.  
On the second \$500 you pay 55 per cent, \$275.  
On the next \$1,000, it is 57 per cent, \$570.  
On the next \$1,000, it is 60 per cent, \$600.  
The next \$1,000 costs 65 per cent, \$650.

You now have \$340 balance untaxed of total income, so on it you pay 50 per cent, \$170.

So, adding up all these sections, you find you owe \$1,715 under these big graduated rates.

But you are allowed to deduct from this sum of \$150 as a married man and \$100 for your two children, a total of \$310.

So your total tax under this second section is \$1,715, less \$310, which is \$1,405.

Now you add your normal tax rate, \$294 and your graduated rate, \$1,405, and get a grand total owing the Government of \$1,699.

The Government, however, treats part of this total as compulsory saving, 12 per cent of your total income, to be exact, so on this amount, \$600 is really a loan to the Government and will be returned two years after the war with interest at two per cent. The rest, \$1,099, is straight tax.

You have the opportunity to deduct something if you own a house and are paying on the mortgage. If you pay \$200 on the mortgage, this comes off that \$600 of compulsory saving, leaving \$1,400 you turn over to the Government. Further, if you pay any life insurance premiums you can deduct that, too, so now you give the Government \$1,390.

If you have sickness or dental work which costs more than five per cent of your income, you are allowed to deduct that also, providing it doesn't amount to over \$1,000.

at Belleville, Ontario, where she attended her sister in her last illness.

Mrs. F. Kinchin motored to Gilpin, B.C., home of Grand Forks, last week, and was accompanied home by Miss Myrtle Kinchin, who had been teaching at the Gilpin school.

Miss Ruth Elliott has enlisted with the Women's Division of the R.C.A.F. and will take her medical examination soon.

Mrs. A. D. Ferguson returned from Chase, B.C., Monday, June 29. She was accompanied by her grandson, Elmer Ferguson.

After spending the winter in Peachland, Mr. and Mrs. Dowler returned to their home in Alberta.

Mr. and Mrs. V. Evans and children, who had been in their home at Bear Creek.

Miss Kathleen Weeks has returned from home at Vancouver, after spending several weeks at the home of Mr. and Mrs. A. McKay.

Pte. T. A. Roberts of Vernon Military Camp, was a week-end visitor at his home here.

Miss Patsy Saurah, of Victoria, arrived Saturday, July 4, to spend a holiday at the home of Mr. and Mrs. B. F. Gummow.

J. L. Elliott, of Penticton, and Mr. and Mrs. Douglas Elliott and family, of Trail, B.C., were holiday guests at the home of Miss A. E. Elliott.

Mr. and Mrs. Lee Kiser and daughter, Marcelle, of Vernon, were week-end guests at the home of Mr. and Mrs. E. A. Baptist.

Mrs. N. Witt, with her two daughters, Carl and Noel, has joined Mr. Witt, who is north of Prince George, in central B.C.

Mrs. Willis and children, of Vancouver, are spending a holiday at the home of Mr. and Mrs. J. Miller, at Deep Creek.

Mrs. D. K. Penfold, of Kelowna, was a visitor at the home of her parents, Mr. and Mrs. E. H. Pierce, during the week.

Miss Hughey and Miss Shanto, of the teaching staff of St. Margaret's School, Victoria, are guests at the home of Mr. and Mrs. A. S. Burdick, at Trepanier.

Sub-Lieut. A. G. Morrison, R.C.N.V.R., who is on leave from Ottawa, spent several days in town meeting old friends. He left for Kelowna on Saturday evening on his way back to Ottawa.

Mrs. P. Gaynor, her daughter, Laurette, and son, Pat, have returned to their home here. Mrs. Gaynor had been teaching near Winnipeg since last September.

Mr. and Mrs. McNaughton, of Oliver, spent several days at the home of Mr. and Mrs. C. T. Redstone, and then continued north to Lumby and Revelstoke on Friday, July 3.

Mrs. G. Perrybough and Miss Dorothy Perrybough arrived Saturday morning to spend the holiday season in Peachland.

Mr. and Mrs. C. Bayne, of Vancouver, were recent guests at the home of Mr. and Mrs. Archie Miller.

Mrs. J. Cameron arrived home on Friday, July 3, after two months

## MORE MAGS NEEDED FOR "KELOWNA"

Response Good But Not Good Enough—Any Magazine of Interest to Men

What do you do with your magazines—those magazines that men would like to read?

There are actually hundreds of such magazines purchased each month in Kelowna. What becomes of them? What do you do with yours?

There is a crying need for these magazines after you have read them. The men on Kelowna's own ship of the Royal Canadian Navy are crying for reading matter and the local committee is trying to meet the need. But it cannot do so without your help.

A hundred pounds of magazines were sent last week. This was the second shipment, the first being a smaller one. But a shipment every two weeks is desired.

What magazines do you purchase or subscribe to? Would men like them? If so, why not arrange to drop them into The Courier office, so that they can be shipped to the men of H.M.C.S. Kelowna?

Or, if you wish to provide a little entertainment for the men on your ship and do not subscribe to any magazine, why not ask The Courier about the special reduced rate obtainable on a year's subscription to any magazine being sent to the men of the Kelowna? On many magazines there is a considerable reduction. Even one dollar will supply some magazines for a whole year.

Red Book, Cosmopolitan, American, "digest" magazines, adventure and magazines of sport, magazines of the "Popular Mechanics" type, Liberty, Time, Life and other picture magazines, magazines which feature jokes, crossword puzzles, and the "heavy reading" type such as American Mercury, Harper's—in fact any magazine that would be of interest to men.

And, oh, yes, ANY movie magazine. A considerable and steady flow of magazines is needed. A shipment is desired each two weeks. Already a number of persons have arranged to deliver the special magazine after each issue, but the number is not enough. More are needed, especially of those magazines outlined above.

Why not help us by sending a letter of duty time while sailing the Pacific watching for Jap subs and planes, conveying ships, protecting YOUR Coast, fighting YOUR war?

## THE CORPORATION OF THE CITY OF KELOWNA

## NOTICE re BATHING

Unfortunately, due to high water, the Picnic Grounds in the City Park will be closed for the season and no bathing facilities will be available there.

The Council points out that all children, fourteen years and under, are entitled to the facilities and supervised instruction of the Kelowna Aquatic Club free of charge and urges that all parents send their children to the Aquatic Club to swim.

The beach between the Aquatic Grand Stand and the Picnic Grounds and between Bernard Avenue and the Aquatic Club are at present both very unsafe for bathing for others than experienced swimmers.

G. H. DUNN,  
City Clerk.

Kelowna, B.C.,  
June 29th, 1942.

### STANDARD TIPS

- ✓ Keep spark plugs clean & adjusted
- ✓ Check Carburetor adjustment
- ✓ Check Distributor adjustment & timing

The necessity of making your gasoline ration s-t-r-e-t-c-h to the utmost is vitally important.

Maximum gasoline efficiency is possible only if care is taken to have the above items checked regularly.

## Ships

### OUR CHALLENGE TO THE "U" BOAT

Canada started this war with virtually no active shipbuilding industry. To-day there are 17 major and 58 smaller yards which, with subsidiary industries, employ 40,000 men. Canada's first 10,000 tonner, launched in October last year, completed its first Atlantic voyage in February! Since then many others have been launched and the present programme calls for 172 new cargo ships costing \$325,000,000. Keels for over 50 have already been laid. Before the year is out we will be launching a new ship every few days.

Over 500 Canadian industries are making components for these ships. About 95% of the material used in their production is now "made in Canada."

Not included in these figures are some 200 naval ships already launched, the large majority of them corvettes and minesweepers.

This advertisement is published as a contribution to the general knowledge of our country's war effort and as an inspiration through the days ahead. For reasons of security complete figures are not available. The facts presented, however, are impressive evidence of the growing might of Canada's war machine.

## ARMY ASKED TO PAY DUTY IN ALASKA

Customs Inspector's Demand  
for Duty on Equipment Re-  
fused — Distinguished Visi-  
tors

This tale might be called "Bureaucrats at War" or "How a Customs Inspector Almost Put the Canadian Army and Air Force to Rout."

When Canadian airmen and troops moved into Alaska a short time ago to co-operate with American forces in the defence of the north-west frontier of the continent, a literal-minded United States customs inspector met them at the border and demanded payment of duty on their rifles, bayonets, food, steel helmets, ammunition and other military supplies.

The dumbfounded Canadian commander refused payment, pointing out in icy tones that his men were there to help to defend Alaska, and that they would be much less likely to take their guns and ammunition with them. The inspector said the logic of that was inescapable, but so also was the fact that he could not let the materials across his piece of the border without payment of duty.

After a long search of the United States Tariff Act, instructions to border inspectors and various memoranda, none of which was helpful, the inspector finally agreed to refer the whole business to Washington. The Canadians took their equipment across the border and a loophole finally has been found — and this is perhaps the best part of the story. In all solemnity, official Washington is striving with the idea of designating each member of Canada's Alaska force a distinguished foreign visitor, something like touring royalty, and therefore entitled to transport things across the United States border without payment of customs duties and without inspection.

WAR PRISONER'S  
LETTER SHOWS  
LIFE BEARABLE

War Prisoners in Germany  
Stage Boxing Tournament to  
Escape Boredom of Confinement

The subjoined letter has been received by Mrs. Isabel G. Pooley from her nephew, who is a prisoner of war in Germany. He is an Australian who trained under the Commonwealth Air Training Plan in Canada before going to Great Britain last year. Pilot Officer Gordon's letter shows that he is not too badly off and that the Canadian Red Cross parcels are a bright spot in prison life.

"No mail from you this month, but there has been a bit of a holdup all round with mail, so I'm not surprised."

"Things going well. Had a big inter-company boxing tournament last week. Officers just beat sergeants, and one, our batman, who has done some catch-as-catch-can wrestling, and I put on a burlesque of all-in wrestling. A great success. Had everyone in fits of laughter. Ju-jitsu costumes and the bout brought in new pupils; have well over twenty now. When summer comes, we can get outside for it; it will be great. Have manufactured wrestling mats out of six palliase covers (sacking) sewn together with various materials and cross sewed a la mattress—most efficient. It took ten days hard work, but was worth it."

"Winter has nearly gone. Have been warm enough and most comfortable, thanks to Red Cross clothing. Red Cross parcels excellent, especially the Canadian."

## BUSINESS SCHOOL EXPERIENCES BUSIEST YEAR

Herbert's Business College  
Has Placed Twenty-five  
Graduates Since February—  
Civil Service Exams Satur-  
day

Herbert's Business College has had the busiest year since their opening in Kelowna in 1931. During the winter months the school was taxed to capacity with a waiting list.

Since February first, the school has been able to assist in placing twenty-five students in Kelowna and elsewhere. Civil Service examinations, set by the Dominion Civil Service Commission, were held in the Kelowna High School on Saturday, June 27th. Many students from the college took these examinations.

On July 1, Misses Elizabeth Petrie, Evelyn Carney and Sadie Draper departed for Copper Mountain, in order to commence their secretarial duties with the Granby Consolidated Mining Company, Limited.

Other students accepting positions are as follows: Miss Norah Laxon, with Mr. E. C. Weddell, Solicitor; Miss Elaine Baum, with McKenzie the Grocer; Miss Bernice Gierl and Miss Malba Bertucci, with the Cascade Co-operative Union; and Reginald Merriam, with the K.G.E. shipping office.

The school will remain open during July for those enrolling on January 1st, and for any others who have not yet completed their course.

## British Air-Borne Troops Use New Equipment and Strategy

Airplanes, Parachutes and Gliders Built Along Lines That  
Take Full Advantage of Lat-  
est Devices

By E. Maillard Stead  
Military Correspondent of  
The Christian Science Monitor

LONDON.—A demonstration of Britain's new air-borne army action offers a highly promising spectacle.

The censor forbids elaboration of details to the components of these air-borne formations. But, broadly speaking, they are fighting forces capable of taking them through the clouds everything they need for action on the ground.

It isn't a new idea, since the Germans have been carrying equipment by air ever since the war started. But one of the few advantages of taking an idea late is that you can start in more or less at the point to which the other fellow has advanced.

Methods Improved  
Consequently, Britain's concept of air-borne divisions is declared to be very much the latest thing along this line.

While rapidly augmenting the ranks of parachutists, who demonstrated their ability in the recent sortie against the U-boat base at St. Nazaire, military authorities here are concerned also with the development of glider-borne units. This departure has resulted in the formation of an army corps regiment of glider pilots, with transport duties in the air which correspond to those of the Royal Army Service Corps on the ground.

Increased Mobility  
These pilots are recruited from the Army and not the R.A.F., and their incorporation in the Army Air Corps is seen as probably the first step toward bringing under one administrative organization all the Army branches relating to air-borne troops.

As an example, parachutists are now administered—so far as personnel records and pay are concerned—by the regiments from which they volunteered for special service. Britain's air-borne troops, as witnessed by this correspondent recently, have extremely high fire power and a degree of mobility unprecedented in military experience. Gliders are known to be very vulnerable in the air at impracticable for landing at night, even in the brightest moonlight.

In daylight, however, they can alight on quite broken ground, using their gliders as wheels, and can take a great deal of knocking about without injury to the troops inside.

Landing of Glider  
This writer has just seen one of the air-borne troops on ground dotted with knee-high fir tree saplings, and nothing worse happened to it than that it lost one skid.

No sooner had it come to rest than a detachment of six troops sprang out and raced into action. An ordinary airplane would undoubtedly have been wrecked, but this glider, having cast off from the towing airplane, circled gracefully around and made a smooth landing.

Now the Army has accepted the airplane and glider as the media for bringing men and weapons to a battle area in numbers large enough to permit the launching of a strong attack or the interposition of a powerful defence.

It is interesting at the same time to note the constant progress made in regard to parachutists and their technique. Again it isn't permissible to go into details, but it can be said that the troops are capable of descending into a small area.

So rapid and compact is the delivery of parachutists these days that it can be effected quite invisibly behind a smoke screen dropped from the aircraft preceding the troop carrier planes.

The equipment becomes progressively foolproof, casualties from dropping are now almost negligible.

A good illustration of the latter point was furnished by the highly successful raid on the Nazi Brunel radio location station on the French coast recently, for, of the parachutists dropped there by the British that night, only one was injured on landing and he was able successfully to fight his way to the beach. As a matter of fact, misadventures from dropping are even less frequent at night than they are in the daytime, because in the absence of visual evidence of their

## SUMMER COMES AS JUNE REACHES NINETY DEGREES

June 30 Heralded Summer  
Weather With Ninety-one  
Degrees

The final day of June broke into the ninety column and gave this district a foretaste of what the weather man was going to send us in July. The average maximum of the month was only seventy-two degrees, but the four final days of June climbed to 86, 86, 87 and 91, the first real summer weather to arrive this year.

Rainfall during thirteen days of the month totalled 1.62 inches, but there was a trace on three other days. Thus it rained on sixteen of the thirty days of June.

Here are the records for the month, as tabulated by D. Chapman, Government Weather Observer:

June	Max. Temp.	Min. Temp.	Rain. Ins.
1	73	50	
2	75	48	.25
3	63	51	.01
4	73	50	
5	60	51	
6	71	60	.08
7	71	55	.01
8	64	51	.20
9	63	49	.17
10	67	43	.02

27	88	63	
28	86	50	
29	87	54	
30	91	55	
Means	72	50	
Total rainfall			1.62

One Sunday the vicar of a village church preached a sermon so moving that the whole congregation was in tears except one man.

After the service the vicar approached the irresponsive one and, out of curiosity, asked him why he did not weep with the rest.

"Well," replied the man, "you see I don't belong to this parish."

precise whereabouts, men fall more relaxed than when they have to resist the temptation to brace themselves.

Observation Bettered  
In conjunction with the development of the air-borne striking power, speed and methods of tactical reconnaissance are being improved by Army co-operation with the command of the Royal Air Force.

The American Tomahawk, predecessor of the famous Kittyhawk single-seater fighter plane, is being used with success for high-speed low-level observation and photography.

From these machines photographs can be taken and developed so fast that, within a few minutes of the plane's return to the landing ground, military appreciation can be made of the enemy's dispositions.

While the glider pilots referred to are Army men, the air "tugs" towing them are operated by R.A.F. pilots of the Army co-operating command.

Meanwhile, the British military hierarchy faces renewed criticism for its decision not to adopt the use of dive bombers. Some dive bombing is carried out by pursuit ships such as the Curtiss (American-built) Tomahawk, but these ships are built for high speed, have no wing flaps to retard diving speed, carry heavy armor with four cannon and eight machine guns, and could carry only a small load of bombs.

While Britain possesses no dive bombers yet there is considerable belief that Germany—now concentrating on production of JU-88 dive bombers—has altered its entire bombing technique to one of dive-bombing as opposed to high-altitude bombing.

## ALL TAXICABS MUST REGISTER

Fifteen Miles Limit Trip and  
no Sightseeing After July 15

Kelowna taxis must carry the marker which indicates they have registered under the new wartime regulations, and all buses, taxis and drive-yourself vehicles must have them by July 15.

Strenuous measures will be taken to enforce the regulations, S. Sigmondson, Regional Transit Controller, has announced. The order is designed to aid in the conservation of rubber, gasoline and other essential materials.

Taxis may no longer be used for sightseeing trips, nor may they operate beyond a 15-mile radius from their stand. They must not be employed for messenger services, nor,

except by permit, as a bus.

The order bans the hiring of drive-yourself cars to hours between 6 a.m. and 11 p.m. It prohibits the renting of such a car by a person who has been issued a gasoline licence for another car which he either owns or controls.

It is not wise to clean the fingernails with a sharp instrument, such as the blade of a knife or a file. These only roughen the inside of the nail, causing it to collect dirt more readily. Instead, use an orange stick or scrub out the nails with soap, water and a stiff brush.

Dr. Chase's Nerve Food

## TO HELP YOU SAFEGUARD YOUR WAR SECURITIES

You have made a patriotic investment in Victory Bonds . . . or War Loan Bonds . . . or War Savings Certificates . . . perhaps all three . . . to help your country in the war . . . and to help assure your after-war future.

To enable you to preserve your war securities from danger of loss by fire or theft, Canada's Chartered Banks offer a safe-keeping service. Here are the details:

VICTORY BONDS and WAR LOAN BONDS—Take them to your bank . . . to any branch of any chartered bank . . . the bank will put them into safekeeping for you, will clip your coupons when the interest falls due, and will deposit the money to your name . . . If you haven't a bank account you can authorize the bank to open one for your convenience.

The total charge for this service and safekeeping is only 25 cents a year on bonds (no matter how many) up to \$250 . . . one-tenth of one per cent on amounts over \$250.

WAR SAVINGS CERTIFICATES—You can lodge them also with your bank . . . which will take them into safekeeping and for just one small charge cover the whole of the time (or any part of it) from purchase to maturity. Here is all it will cost you—not just for one year—but for 7½ years:

For a \$ 5.00 certificate . . . . .	\$0.10
For a \$ 10.00 certificate . . . . .	.15
For a \$ 25.00 certificate . . . . .	.20
For a \$ 50.00 certificate . . . . .	.25
For a \$100.00 certificate . . . . .	.50
For a \$500.00 certificate . . . . .	1.00

## THE CHARTERED BANKS OF CANADA

After work, you both need and deserve the luxury of utter rest. Keep cheerful. Seek cheerful companions. Whatever your job, you'll do it better after thorough mental and bodily rest.

## OK. CENTRE INST. STUDIES HOME CANNING

Hears Lecture on Home Dehy-  
dration—Packing House Ad-  
dition Completed

The Women's Institute of Okana-  
gan Centre was addressed on Thurs-  
day last, at the regular monthly  
meeting, by F. E. Atkinson, of the  
Summerland Experimental Station,  
speaking on the subject of home  
preservation of fruits and vegeta-  
bles.

With a view to the necessity of  
preparing fruit for overseas to be  
shipped in limited space, the speak-  
er dwelt especially on the method  
of drying fruits so that the result-  
ing product is wholesome, tasty and  
capable of perfect storage.

Mr. Atkinson had with him a  
sample drier which could readily be  
made by any one handy with tools,  
and the construction of this was ex-  
plained together with a sawdust  
burner, which may be used for heat-  
ing, if desired. The attachment and  
operation of a small ordinary heat-  
ing stove was also demonstrated.

During the business session which  
preceded the feature, discussion of  
concrete help for the boys in the  
services took place, and as a result  
a small sum was voted for the use  
of the Hostess Club of Kelowna.

In addition, Mrs. Erickson was ap-  
pointed convener of a committee to  
collect furnishing articles for the  
entertainment room which this club  
is establishing in Kelowna.

A letter was read from Mrs. E. B.  
Price in reference to the Red Cross  
regulations for jam making for over-  
seas use, and a committee was ap-  
pointed, with Mrs. Erickson as con-  
vener, to take entire charge of this  
project for the season.

Mrs. Bond and Mrs. Erickson served  
refreshments at the end of a useful  
session.

The closing of the Centre school  
for the long vacation was marked  
on the 25th ult. by a picnic organ-  
ized by the teacher, Miss Watt, and  
several of the mothers, on the beach  
a mile south of the village. Quite  
a large number of adults—mothers  
and former pupils—attended and,  
as a result, a softball game was or-  
ganized between pupils and grown-  
ups which formed the exciting fea-  
ture of the afternoon, with other  
games, paddling, ice-cream and tea  
rounding out a happy day.

Miss Patricia Cheesman and Miss  
Ruth Nuyens, former pupils, ar-  
rived home from their respective  
schools, St. Ann's in Kamloops and  
the Vernon High School, in time for  
the picnic.

Miss Watt left the following day  
for her home in Kamloops for a  
few days before going on to  
Victoria to attend summer school.

On Saturday, Miss Gled left from  
Winfield for Vancouver and Victo-  
ria. She was accompanied by Miss  
Karlene Hare, who will spend the  
summer at the home of her aunt,  
A. Bishop, in Vancouver. Miss  
Gled is going on to Victoria for  
summer school work, and on her  
way home will visit friends in Van-  
couver.

Miss Mary Carter left on Thurs-  
day for a holiday in the east, stay-  
ing first with friends in Kingston,  
Ontario.

Miss Doris Gled, B.Sc., H. and  
Ec., graduate of the University of  
Manitoba, recently received the ap-  
pointment of assistant teacher of  
Home Economics in the Kelowna  
High School.

The new addition to the packing  
house of the Okanagan Valley Land  
Co., at the Centre, is nearing com-  
pletion, and in fact will be used this  
week as the cherry packing plant.

Occupying, as it does, together  
with the car slip, a large part of the  
foreshore, and not being particularly  
a thing of beauty, it is hoped, never-  
theless, to the growing pros-  
perity of the community, having  
double the capacity of its former  
space.

C. D. Marshall, of Summerland,  
manager, was in the Centre for sev-  
eral days last week and expressed  
himself as being well pleased with  
the development of the business  
under the superintendence of H.  
Van Ackeren in all its branches,  
irrigation, packing house and or-  
chards of 300 acres.

The office staff is being reinforced  
this week by Mrs. E. D. Hare, a  
former employee.

## VERNON'S MILK STRIKE IS POSTPONED

Producers Appeal to Prices  
Board for Permission to up  
Price

Vernon's threatened milk strike  
has been postponed, temporarily at  
least, though a settlement has not  
been reached.

At a meeting last week, the Ver-  
non and District Milk Producers'  
Association agreed to delay any  
strike action pending a decision by  
the Wartime Prices and Trade Board  
on a brief submitted by the dairy-  
men.

The manager of the Vernon office  
of the W.P.T.B., H. J. Fosbrooke,  
requested that producers submit to  
him a detailed statement of their  
increased cost of production. A  
brief drawn up by President W. A.  
Popowich was ratified by the pro-  
ducers on Monday and forwarded  
to the W.P.T.B.

Mr. Popowich stated that "a rea-  
sonable time" for a reply will be  
allowed and that in the meantime  
"we will carry on in the usual way."  
No definite time limit was set, but  
a week was generally favored.

Chief points in the submission  
were reported to be the increase in  
cost of concentrated feeds of some  
24 per cent over August-Septem-  
ber of last year, and the high cost  
of labor, running to 95 per cent  
more.

Dairymen who are able to employ  
all-year-round help are still secur-  
ing men, but smaller operators who  
need only workers for short periods  
are experiencing great difficulty.

On October 1, 1941, milk pro-  
ducers' prices were upped by 15 per  
cent. A further increase was plan-  
ned for last January, but the price  
ceiling program intervened.

Mr. Popowich reported that mem-  
bers of the association were still  
firmly of the opinion that a milk

## COMMISSION IS SATISFIED WITH EFFORTS

B. C. Security Commission  
Tells Kamloops its Request  
is Unreasonable

The present system of handling  
the Japanese is working out satis-  
factorily, the opinion of the B. C.  
Security Commission, and it does  
not propose to recommend any  
change.

Moreover, the Commission con-  
siders the Kamloops demand for  
internment of Japanese under  
guard as unreasonable.

These statements were contained  
in a letter read at a meeting of  
the Kamloops City Council last  
Thursday. Ald. W. J. Moffat had  
asked that the Commission be writ-  
ten to, stating that in the Council's  
opinion the way in which the Jap-  
anese are handled is far from sat-  
isfactory.

The Commission's letter, signed  
by A. H. L. Mellor, executive assist-  
ant, reads:

"Receipt of your letter of the 19th  
instant is acknowledged.

"It is quite likely you have seen  
press notices to the effect that the  
R.C.M. Police are investigating re-  
ports that Japanese are acquiring  
land in British Columbia through  
a white agent.

"Your demand that all persons of  
Japanese origin in British Colum-  
bia be placed under armed guard  
is, in the opinion of this Commis-  
sion, unreasonable. Matters are work-  
ing out quite satisfactorily under the  
present system, and it is not our in-  
tention to recommend any altera-  
tion."

**REVELSTOKE PARK ROAD  
CLEARED OF SNOW**

The last stretch of snow has been  
removed from the Mount Revel-  
stoke National Park Highway, and  
motor traffic by July 3rd was mak-  
ing the 20-mile journey from Revel-  
stoke to the summit of Mount  
Revelstoke.

Strike should be called, unless the  
Wartime Prices and Trade Board  
agreed to allow an increase in val-  
ues.

## CANADIAN FIREMEN WIN PRAISE

London Guard of Honor Wel-  
comes Canadian Firefighters  
to Britain

LONDON.—A suggestion made  
nearly two years ago, when bombs  
and incendiaries rained on Brit-  
ain's ancient cities, came to a tri-  
umphant culmination in a pictur-  
esque ceremony recently in Trafal-  
gar Square, where the first contin-  
gent of Canadian fire fighters was  
officially welcomed to this coun-  
try.

A guard of honor of London's  
veteran firemen and firewomen, in  
red-tipped blue uniforms, with gas  
masks, axes, helmets, and their band  
lined up before the plinth of the  
Nelson column to greet the Cana-  
dians who have come to the United  
Kingdom to be trained in the newest  
methods for fighting fire blazes.

The gigantic bronze lions held  
loud-speakers in their jaws, and  
Home Secretary Morrison spoke  
from the plinth.

The Canadian flag flew from a  
staff in front of the firemen's con-  
tingent. General Gordon, of Khar-  
toun fame, helmets, and their band  
lined up before the plinth of the  
Nelson column to greet the Cana-  
dians who have come to the United  
Kingdom to be trained in the newest  
methods for fighting fire blazes.

To the strains of United Kingdom  
and Canadian anthems the joint  
forces marched past Canada House,  
headed by Column Master W. E.  
Graham, of Ottawa.

**ASSOCIATED  
OFFICERS ELECTED**

For his nineteenth consecutive  
term, E. J. Chambers was elected  
to the presidency of the Associated  
Growers of B. C., Ltd., at the annual  
meeting.

Le Guen was re-elected as  
Vice-President, and K. W. Kinard  
was returned as Secretary and as  
Secretary to the Board of Direc-  
tors.

The executive consists of the

## FRIENDS BID REV. HENDERSON GODSPEED

Cheque Given to Anglican  
Minister Who Leaves For  
Air Force

On Friday evening a representa-  
tive group of Rev. F. Henderson's  
lovely garden to wish Mr. Hender-  
son "God speed and a safe return"  
on his leaving to join the Air Force,  
and to present him with a cheque  
donated by his many friends of all  
denominations in Kelowna and dis-  
trict. Upwards of three hundred  
people contributed.

H. G. M. Gardner expressed the  
very deep regret and sense of per-  
sonal loss felt by all Mr. Hender-  
son's friends at losing him even for  
a short time, but added that our  
sense of loss is lightened by the  
knowledge that he is going to the  
Air Force, for which we all feel  
that only the very best is good en-  
ough.

Mr. Gardner said that Mr. Hender-  
son's many friends felt that he  
was made for great things and that  
Kelowna had been very fortunate  
in having him here, even for so  
short a time. Many had learned from  
him much that would be of help to  
them in these difficult days.

Mrs. Coubrough then presented to  
Mrs. Henderson a beautiful hand-  
bag containing the cheque and a  
list of contributors. Mr. Henderson  
was also the recipient of several  
personal gifts.

In a few intimate and appropri-  
ate words, Mr. Henderson ex-  
pressed his thanks for the gift and  
for the warm welcome accorded to  
his wife and himself ever since  
their first coming to Kelowna. He  
hoped that the same hearty wel-  
come and generous support would  
be extended to the new Pastor. He  
was leaving his wife and boys here,  
and would look upon Kelowna as  
his home town.

Mr. Henderson then spent some  
time bidding his many friends fare-  
well.

"Tom's wife seems never to settle  
down."  
"Nor he to settle up."

President, Vice-President and three  
directors, A. A. Thompson, Oliver,  
W. H. Morris, Penticton, and L.  
E. Marshall, Kelowna.

"There Is No Strength Without Unity"

## Make Better Jams and Jellies

Use **CERTO**—  
it gives  
SURE RESULTS

**CERTO is Pectin  
Extracted from Fruit**

When pectin is used in making jam  
and jelly, the Wartime Prices and  
Trade Board Order No. 150 allows  
you to use sugar not in excess of  
one and one-quarter pounds of  
sugar for each pound of fruit.  
On the basis that "fruit" means  
"unprepared" fruit, this allows you  
to make your jams and jellies the  
Certo way which gives you approx-  
imately two-thirds more jam or jelly  
from the same amount of fruit.

Book of 72  
Tested Recipes  
under label  
of every  
CERTO  
bottle

## SUGAR RATIONING by COUPON IS NOW IN EFFECT

### SOME IMPORTANT POINTS ABOUT YOUR RATION CARD

1. A Ration Card is required for each individual person, regardless of age.
2. Each numbered coupon is good for a two weeks' ration of 1 lb. of sugar.
3. Coupon No. 1 is good July 1st; coupon No. 2, July 13th; coupon No. 3, July 27th; coupon No. 4, August 10th; coupon No. 5, August 24th.
4. Coupons cannot be used before the specified dates, but may be used any time afterwards.
5. Only coupons 1, 2, 3, 4 and 5 can be used for sugar buying.
6. Do not use coupons A, B, C, D and E, unless instructions are issued by The Wartime Prices and Trade Board. Do not detach them.
7. Coupons must be detached in the presence of your retailer. He will not accept loose, detached coupons.
8. If you do the buying for your home, or for a number of people, you may purchase sugar for them by taking their ration cards with you to the store.
9. If you order by telephone, coupons must be detached in the presence of, or by the delivery man.
10. Retailers may hold customers' ration cards and detach coupons for them in cases where customers are not ordinarily at home to take delivery; or in the case of summer cottagers having deliveries made by mail or express.
11. If you go visiting for a week or more, you should take your ration card with you for your host to use.
12. If you are a regular boarder in a house, you should turn your ration card over to your landlady so she may secure your sugar allowance.
13. You do not use coupons for the purchase of sugar for preserving, canning, jam or jelly making. Additional quantities are allowed for these purposes, for which you sign a special Sugar Purchase Voucher, which your grocer will give you.
14. You do not require coupons for sugar that you consume in restaurants or public eating places. These places are rationed and can only serve limited quantities to their customers.
15. Misuse of ration coupons is illegal and offenders are liable to prosecution.
16. Report to the nearest Wartime Prices and Trade Board office: (a) if you lose your card, (b) if you change your name or address.
17. If additional ration cards are needed for new babies, or new Canadian residents, write to the nearest Wartime Prices and Trade Board office.

DO NOT USE THESE COUPONS UNTIL TOLD TO DO SO

## HITHER AND YON

Mrs. R. Waterson, of San Francisco, who had spent the past two weeks visiting her brother and sister-in-law, Mr. and Mrs. Edgar Abbott, left last Thursday for her home.

Miss Christie Burt, Miss Harriet Easton and Mrs. Alan McCurrah were visitors in Vernon last Wednesday.

Mrs. J. Herman and daughter, of Victoria, are guests of the Royal Anne Hotel.

Mrs. Francis Buck entertained at her home on Ethel Street, on Saturday evening, in honor of her son, Pierce, who left on Monday to join the R.C.A.F.

Miss Janet Campbell, of Vancouver, was the house guest of Mrs. C. E. Emery for several days during the past week.

Mrs. Stanley Kinnell and son left on Sunday to spend a two-month holiday visiting her mother in Vancouver.

Mrs. Ralph Brown left on Friday for the Coast, where she will spend several weeks.

Miss Mary Lane, of Kimberley, is a guest of the Royal Anne Hotel.

Mrs. A. Andrews and daughter, of Vancouver, are holidaying in Kelowna. They are former residents of this city.

Miss Harriet Easton, of Vancouver, who had spent the past three weeks visiting her sister, Mrs. Alan McCurrah, returned to her home on Saturday.

Mrs. J. R. Conway left on Friday for Victoria, where she will spend the summer visiting her daughter, Mrs. Lloyd Bassett.

Mr. and Mrs. Pittao, of Kimberley, who had been the guests of Mrs. E. Hughes, Patterson Avenue, for the past month, left for their home last Thursday.

Mr. and Mrs. Jack Burt left on Saturday to spend a holiday at the Coast.

Dr. and Mrs. J. S. Henderson, and Mr. and Mrs. Hugh McKenzie left on Monday to spend a ten-day holiday at Beaver Lake.

Mr. and Mrs. M. N. Dennis, of Seattle, were holiday visitors in Kelowna last week.

Mr. and Mrs. C. E. Arthur, of Brewster, Wash., were guests of the Royal Anne Hotel last week.

Mrs. A. G. Moran, of Beaverdam, spent the week-end in Kelowna, a guest of the Royal Anne Hotel.

Mr. and Mrs. Lloyd Moffat and family, of Prince Albert, were holiday visitors in Kelowna during the week.

Miss Nellie L. Martin, of New Westminster, is visiting friends in Kelowna this week.

Mr. and Mrs. E. W. Creshbon, of Portland, were week-end visitors in Kelowna, guests of the Royal Anne Hotel.

**AQUATIC L.A. APPOINTS COMMITTEES**  
Barber-De la Hay  
Gordon Melville Barber, youngest son of Mr. and Mrs. J. L. Barber, Wolsley, Sask., now serving with the Canadian Active Service Force in England, was married at All Saints Church, Wribbenhall, Bedfordshire, England, on Saturday, April 25, to Joyce De la Hay, only daughter of Mr. and Mrs. De la Hay, of Camden, Acadia Avenue, Hawley, Ont. Groom is a nephew of G. G. Barber, 283 Richter Street, Kelowna.

Mr. and Mrs. Wm. Longley, Sr., of New York, were guests of their son-in-law and daughter, Mr. and Mrs. G. L. Dowling, of Los Angeles.

Mr. and Mrs. H. Stewart, of Allenby, are holiday visitors in Kelowna this week.

Mr. and Mrs. Gordon Meikle, of Kamloops, who had been the guests of Mr. and Mrs. T. Griffith, have returned to their home. Glennys Meikle will remain in Kelowna with her grandparents, Mr. and Mrs. Griffith.

Mrs. M. Cameron and her grandson, Gary Cleland, of Vancouver, are spending the summer in town. Mrs. Cameron is a former Kelowna resident.

Mr. and Mrs. W. Nicholson and daughter, Judy, of Penticton, are the guests of Mr. and Mrs. Norman Parkins.

Miss Joan Pooley, of Victoria, is the guest of her mother, Mrs. L. G. Pooley.

Mrs. M. E. Hansen, of Enderby, is a guest of the Royal Anne Hotel this week.

Mrs. Flora Puccini, of Vancouver, is holidaying in Kelowna, a guest of the Royal Anne Hotel.

Miss Yvonne Baldwin is spending the summer holidays at her home at Okanagan Mission.

Mr. and Mrs. Kermit McDonald, of Kamloops, were the guests of Mr. and Mrs. Jack Stevens for several days this week.

Dr. and Mrs. W. Laisley and family, of New York, were holiday visitors at the Willow Inn last week.

T. J. Cottingham and Miss Pearl Cottingham, of Edmonton, are holidaying at the Willow Lodge.

Miss Shirley Hughes, of Vancouver, is the guest of her sister, Mrs. Wm. Fox, for the summer.

Miss Gladys Swainson is spending her holidays in Kelowna. Miss Swainson is with the Vancouver General Hospital.

Mr. and Mrs. George Maurice, of Pioneer Mines, and Miss Clara Helge, of Radville, Sask., are spending two weeks' holiday in Kelowna, renewing old acquaintances.

W. B. Farris, K.C., of Vancouver, arrived in Kelowna on Wednesday, July 2, as a guest of the Willow Inn. Their son, Kenneth B. Farris, is also holidaying in Kelowna.

## SAFeway Homemakers' Guide

\* Tips worth reading on menu planning \* A list of foods you'll save money by checking \* What one girl learned about so-called "week-end specials"

Want to know how to save lots of time in your food shopping?

The main answer to the above question is—"Plan your menu ahead of time". These few tips suggested by the Safeway Homemakers' Bureau, should help a lot.

**Tip No. 1**—Plan menus several days in advance, a whole week if possible, so you'll see your food picture as a whole. Then you can check to make sure you've included plenty of variety and a balance of foods needed for good nutrition.

**Tip No. 2**—For good nutrition, each day's menu should include at least a pint of milk for adults, a quart for children; an egg per person, or at least 3 to 4 eggs a week; some Vitamin B whole grain bread or cereal; a tomato or citrus fruit or their juices; another serving of fruit; at least two servings of vegetables besides potatoes, one preferably green, leafy, or yellow; a serving of meat, fish, chicken, or sea food; some butter and whatever desserts and special treats you like.

**Tip No. 3**—Even the best food tastes better served attractively. Be sure to include in every meal a pleasing contrast of shapes, colors, and textures, as well as contrasting temperatures and flavors.

**Tip No. 4**—Decide ahead of time how to serve any leftover foods (with careful planning you won't have many) in appetizing guise.

**BARBARA TUTT IS BRIDE OF ROY S. MURPHY**

Quiet Ceremony at United Church on Evening of June 30th

A quiet wedding ceremony took place on Tuesday evening, June 30th, at 9:30 o'clock, at the United Church Manse, Vernon, when Barbara Tuttle, only daughter of Mr. and Mrs. Fred Tuttle, became the bride of Roy Irwin Murphy, only son of Mrs. Levis Murphy, of Kelowna. Rev. J. H. Davies performed the ceremony.

The attractive bride chose a becoming rose afternoon dress in a floral print, offset by wine accessories. Her corsage was of pink and white carnations.

Mrs. S. Rolling, the bride's only attendant, chose a beige ensemble for the occasion. Her corsage was also of pink and white carnations. S. Rolling was the groomsmen.

Chewing Gum on Carpet  
To remove chewing gum from a carpet, hold a piece of ice over the gum until it is hard enough to remove. Then loosen the gum with the dull edge of a knife.

## MRS. J. WEATHERLY DIES AT VERNON

Mrs. Jack S. Weatherly, wife of a well-known former resident of Kelowna, passed away in the Vernon Jubilee Hospital on Sunday, June 28. She went to Vernon last September from Kamloops with her husband, who is employed in the Canadian National Telegraphs. He is a son of Mr. and Mrs. J. Weatherly, of Kelowna, and resided here for a number of years.

The late Mrs. Weatherly was born in Moosomin, Sask., thirty-six years ago, and as Miss Gwyer, graduated at St. Joseph's Hospital nursing school in Victoria.

Besides her husband, Mrs. Weatherly leaves to mourn her loss a daughter, Ruth, four and a half years of age, her parents, Mr. and Mrs. W. K. Gwyer, of Yale, B.C., a sister, Miss Patricia Gwyer, and a brother, F. W. K. Gwyer, R.C.A.F., Winnipeg.

The funeral service was held from the Anglican Church, Vernon, on Wednesday afternoon, July 1, with interment in the Vernon Cemetery.

## CASORSO-REITER NUPTIALS

The wedding took place on Thursday morning, July 2nd, at the Church of the Immaculate Conception, of Veronica Reiter and Felix Casorso, both of Kelowna. Rev. Father McKendzie performed the ceremony.

Miss Margaret Casorso was the bride's only attendant and George Yochim was the groomsmen.

## MAN'S WORLD

Miss Alice Perry, of Vancouver, is spending the summer in Kelowna, the guest of her mother, Mrs. J. Perry, Pendoz Street.

Mrs. A. M. Henderson and Mrs. M. Le Bas, of Calgary, are holidaying in Kelowna for the next two weeks.

Mrs. George Campbell returned last Thursday from Edmonton where she has spent the past few weeks. Dr. and Mrs. Campbell have taken one of the Willow Inn cottages until the high water goes down at their home on Abbott Street.

Mrs. Fred Howe, of Vancouver, who spent two weeks holiday in Kelowna visiting her mother, Mrs. J. Perry, returned to her home last week.

Mrs. George E. Glasford and Miss E. L. Glasford, of Calgary, have taken one of the Willow Inn cottages for the summer.

Miss Joan E. Carter, of Vancouver, spent the week-end in Kelowna, accompanied by Miss Sheila Buchanan, of New Westminster.

Mr. and Mrs. Ian Cameron and their two children, Anne and Nicky, of Vancouver, have taken a cottage at Okanagan Mission for the summer. Miss Patricia Gordon, daughter of Mr. and Mrs. Huntly Gordon, is their guest.

Miss Ruth Scott-Sims, of Toronto, arrived in Kelowna last Thursday to spend a holiday visiting her uncle and aunt, Capt. and Mrs. L. A. Hayman.

Miss Joyce Hayman returned on Wednesday from a holiday spent at the Coast.

Miss Muriel Cunliffe left on Tuesday evening to spend a two weeks holiday at the Coast.

Mrs. E. Cunliffe has as her house guest for the next two weeks her granddaughter, Miss Jeanne Cunliffe, of Nanaimo.

Mrs. R. G. Kellaway and her daughter, Miss Roberta Kellaway, of Calgary, are holidaying in Kelowna, guests of the Willow Inn.

Place the sponge in milk, allowing it to remain for at least twelve hours, then rinse in cold water.

In Granny's day—as now—the flakiest pies were made with Swift's Silverleaf Brand. Famous Silverleaf's sweet-nutty flavour makes pastry taste better. Silverleaf keeps fresh longer—and so do pies made with Silverleaf. Avoid pastry disappointments by baking with always-uniform Silverleaf! For pies like Granny used to bake, be sure to ask for Silverleaf Brand, Swift Canadian Co., Limited.

**RENT RAISERS GET HEAVY PENALTY**

**Vancouver Couple Heavily Fined For Breaking Rental Regulations**

Total fines of \$150 and \$750 costs were imposed on Joseph and Mary Rozenek, in Vancouver Police Court last week, for infractions of the rental regulations of the Wartime Prices and Trade Board. Rozenek and his wife had pleaded guilty a week before to four charges and Magistrate G. R. McQueen had reminded them, for sentence. The couple rented suites at 2043 Stainsbury Street, Vancouver, and, besides being charged with exceeding the maximum rentals, they were also accused of cutting off heat to the tenants. This is the second rental conviction in the Vancouver area. In the first case the offender pleaded guilty and was fined \$25.

**What's-In-a-Name?**  
"What's your name?" the store manager asked the young applicant for a job.  
"Ford," replied the lad.  
"And your first name?"  
"Henry,"  
"Henry Ford, eh?" remarked the manager with a smile. "That's a pretty well-known name."  
The boy looked pleased. "Yes, sir," he replied proudly. "I've been delivering groceries around here for two years now."

## WATER USE CURTAILED AT PENTICTON

Use of Garden Hose Temporarily Restricted

Penticton water users are on short rations as far as their garden hose is concerned. The Municipal Council has decided that lawn and garden watering shall be forbidden except between the hours of seven and nine in the mornings and six and eight in the evenings. No open hose is permitted.

The reason for these restrictions is not due, as any of the recently flood-inundated Penticton citizens can well imagine, to any shortage of water, but rather to the fact that flood damage to the new Penticton Creek domestic water system has thrown a heavy load on the old main, which has been pressed into service since the Empire Day inundation.

It is estimated by Works Superintendent A. G. Pearson that necessary repairs will be made to the new system within ten days or two weeks, when plenty of water will be made available for the use of Penticton residents.

OLD TIMER: One who can remember when dimes were dropped for a call, instead of calling for a drop.

## VERNON FIRM TO DEHYDRATE CABBAGE

Bulman's Ltd. to Dehydrate 800 Tons of Early Cabbage

Announcement was made last week by T. R. Bulman, President of Bulman's Ltd., Vernon, of a plan whereby 800 tons of early Okanagan cabbage will be dehydrated for the British market. Mr. Bulman, in announcing that rush work, in preparing equipment is being carried on, would only state that the contract was en route from Ottawa and declined to speculate on the orders.

Fairly recently, officials of the Agricultural Supplies Board in Ottawa informed valley industry leaders that plans for dehydration operations in the Okanagan were "indefinitely postponed." One exception was that carrots might be ordered next winter, as was done during the early part of 1942.

Mr. Bulman said his firm was in the midst of "overhauling" one plant and building another, but that operations were expected to commence on Monday. Ordinary processing of beans will also be carried on.

Dehydration of the cabbage is a "straight Vitamin C" proposition, he added, and a definite production deadline must be met. The food is destined for the British market.

## More About 1 VOLUNTARY SAVINGS

From Page 1, Column 8

porations) to add \$300 millions a year to their taxes and to increase voluntary savings by \$500 millions. These additional burdens represent a 53 per cent increase over what existing taxes and savings would have yielded in the present year. The increased tax burden includes \$125 millions of refundable savings or compulsory taxes, an innovation in Canadian tax policy. What the new figures represent in terms of a full 12-month period is approximately as follows:

Personal Taxes and Savings (Millions of Dollars) For 12-month Period		Income over present yield from taxes or savings	
Taxes			
Income taxes	525	115	
Indirect taxes	722	66	
Interest, divs.	28	nil	
Succn. duties	18	nil	
Refundable	125		
Voluntary svgs	1200	600	
Total	2618	806	

A study of this table reveals the most vulnerable point in the Isley budget.

### Will They Still Subscribe

In order to "sweeten" an income and defence tax rate which reaches virtually confiscatory proportions at the highest income brackets, Mr. Isley introduced the principle of refundable taxes both for individuals and corporations. In a full fiscal year the net return to the treasury of these refundable taxes levies on individuals is estimated to net \$125 millions. The actual yield in the current fiscal year is placed at \$80 millions. What remains to be seen is whether or not under these burdensome personal income taxes with their compulsory saving proviso, Canadians can still be persuaded to increase voluntary savings by \$50 millions a month and double the last year's annual figure of \$500 millions.

In short, while Mr. Isley has assured the treasury an estimated income of \$14 billions from personal income and indirect taxes (sales, etc., etc.) he runs the risk of jeopardizing the \$12 billions which, it is believed, must be raised under voluntary methods.

Justification of the new policy is contained in Mr. Isley's concluding paragraphs:

"I am not proposing to substitute compulsory savings for voluntary savings. The refundable tax and other provisions which I am recommending are merely to equalize the base from which voluntary savings start. Over and above the higher taxes, over and above the minimum savings requirement, current savings must be increased greatly if we are to finance the war the sane and equitable way."

In his statement to the House of Commons, Mr. Isley made no attempt to estimate the national income for 1942-43 or to gauge the amount of purchasing power which would be available to feed the increased taxes and savings requirement.

He indicated that the quantity of goods being sold (apart from automobiles), was currently 20 to 25 per cent above prewar levels and that the "national output of goods and services" had risen in the past fiscal year by nearly 25 per cent. He pointed out that in 1941-42 Canada had paid 50 per cent of war expenditures and war advances out of revenue.

For 1942-43 the government hopes to raise this to 52 per cent exclusive of refundable taxes. The remaining "budgetary deficit," \$1.8 billions, is to be covered by borrowing, that is voluntary saving, etc.

## WOMEN JOIN INDUSTRIAL PARADE

Not long ago this attractive Canadian girl looked upon a file as something used solely to manicure her nails. Today, after joining thousands of other girls in war industries, she can handle a file as deftly as any man in turning out parts in an aircraft factory. It is estimated that between 50,000 and 75,000 women are now employed in industrial work. Thousands more will be required to cope with manpower requirements as industry expands and men enlist.

## Ferry Revenue Figures Reflect Drastic Curtailment of Traffic This Year In Okanagan

Substantial Decreases Registered in Revenue of Pendolzi During First Six Months of Year—Sharp Decrease in Summer Traffic—Number of Passenger Cars Cut Almost Fifty Per Cent in June

THAT travel in the Okanagan has been drastically curtailed is clearly indicated by the operating figures of M.S. Pendolzi, the ferry operating across Okanagan Lake and the main highway connection from this city to southern sections of the Valley. Revenue figures show that the Pendolzi income has fallen by some \$2,500 during the first six months of the year and that in June alone the drop in passenger car traffic was some 1,600 less than the same period a year ago.

During the first six months of 1941, the ferry earned \$13,372.95, while during the same period of the current year the revenue was only \$10,885.05. The first three months of the period showed little variation but April, May and June showed definite decreases.

Month	1941	1942	Dec.
Jan.	\$1,350.60	\$1,343.00	7.60
Feb.	1,483.15	1,331.95	151.10
Mar.	1,942.60	1,910.30	32.30
Apr.	2,358.35	2,012.20	346.15
May	2,699.50	2,075.45	624.05
June	3,536.75	2,310.15	1,226.60
Totals	\$13,372.95	\$10,885.05	\$2,487.90

The decrease in traffic is also reflected in the number of passenger cars carried during the month of June. In June, 1941, the Pendolzi carried 4,453 passenger autos and 161 free, while in this June she carried only 2,448 paid cars and 153 free.

The number of passengers, excluding drivers, also decreased sharply this month. In June a year ago, 14,178 paid passengers were carried and 41 free. This June the number of paid passengers dropped to 13,093 while the free passengers jumped to 400.

During June the Pendolzi made 520 round trips, considerably less than a year ago, as there is a curtailed service this summer. Fifty-one trucks were carried and in addition 47 free. Forty-nine trucks of between one and two tons paid and 93 were carried free.

From three to five ton trucks carried totaled 386, eleven being free. Trucks over five tons totaled 164, five of them being carried free. Twenty trailers were ferried across the lake and 202 buses and 31 motorcycles.

Horse drawn vehicles consisted of twelve teams and thirty-one singles. Freight carried and paid totaled 434.5 tons while that carried free was 273.5 tons. The livestock items consisted of 46 horses, 6 cattle (3 free) and 8 sheep.

### Linen

The color of linen can be preserved by placing a few small pieces of camphor gum in the linen drawers.

## CIGARETTE POOL FOR SERVICES

All Public Donations to be Distributed by Auxiliary Services

### EQUAL DISTRIBUTION

Plan Will Assure Receipt of Cigarettes by all Members of Armed Forces in Equal Shares

No longer will public gifts of cigarettes for men overseas be shipped direct to certain units. Hereafter, according to forces received by the Kelowna and District War Activities Committee from the Director of Voluntary and Auxiliary Services of the Department of National War Services, Ottawa, all public gifts of cigarettes will be placed in a pool and distributed equally among the various units.

Heretofore, Canadian war charity funds have shipped their cigarettes to specific units or individuals in addition to the pool, and this has resulted in an uneven distribution. During the past six months shipments of private gifts of cigarettes to our Canadian soldiers have averaged fifteen cigarettes per day per man. Bulk shipments from war charity funds have added considerably to this average.

Although adequate cigarettes for all members of the forces have been shipped, it has been found that many receive more than they can use, whereas others are insufficiently supplied.

The new arrangement is designed to provide an even flow of cigarettes to all members of the armed forces. The cigarette pool is operating under the Directorate of Auxiliary Services. Parcels should be addressed to the Assistant Director of Auxiliary Services, C.M.H.Q., 17 Cockspur Street, London, S.W., England. An officer is detailed to look after this pool, and regular distribution is made on an equal basis among personnel of the Canadian Navy, Army and Air Force.

All organizations securing funds from the public or from their membership for the purchase of cigarettes for overseas are requested to adhere to the above arrangement. Personal gifts of cigarettes to individual members of the forces will not be distributed under this arrangement. These gifts will continue to be addressed to the recipient.

## POLICE COURT

Antoine Orea, of Rutland, on June 29th, was fined \$300.00 when found guilty of supplying a minor with liquor.

Donald S. Fleming, on July 3rd, was charged with reckless driving and fined \$25.00 and \$17.50 costs or fifteen days in jail.

Laura L. Balfour was fined \$10.00 and \$17.50 costs for failure to stop at a stop sign on July 3rd.

Anthony W. Christie was found guilty of peddling without a licence and fined \$50.00 or ten days in jail. Irvine Bredin, on July 7th, was fined \$25.00 or fifteen days in jail for indecent exposure.

During the past two weeks Billy Seymour, Tommy Felix, Harry Felix, Angeline Alexander, Henry Pierre, all Indians, and August Steinbach, John Ostergren and S. A. Leander have been found guilty of being intoxicated.

## RUTLAND PARK POOL POPULAR

Hot Weather Brings Crowd to Swimming Pool

The swimming pool at the Rutland Park opened for the season on Thursday, July 2, and, owing to the extremely hot weather, has been well patronized. John Ansell has been appointed life guard and caretaker. There has been a slight upward revision of the rates to offset increased operation costs and probable loss of revenue, due to the absence from the district of a large number of young men who formerly patronized the pool.

Pool hours are from 9.30 to 11 in the morning, 2.00 to 5.00 in the afternoon, and 7 to 9.30 in the evening. The long evenings that are experienced with daylight saving are increasing the use of the pool during that period by adults.

Marion Murgold, eldest daughter of Mr. and Mrs. George Murgold, arrived on Sunday from Klamath Falls, Oregon, where she has been staying for the past two years at the home of her grandmother, Mrs. James Young. She was met at the border by her mother.

Miss Mona Schell, Reg. N., left on Wednesday last via C.N.R. for Chilliwack, to resume her duties on the staff of the Chilliwack Hospital.

Billy Oakes, son of Mr. and Mrs. Lee Oakes, of Eburne, formerly of Rutland, is a visitor at the home of

his aunt, Mrs. C. Shunter.

The Institute meeting for July, which would have been held this Wednesday, was cancelled and there will be no meeting this month. The flower show planned for the last week of July has been postponed until Thursday, August 13.

On Sunday morning, July 5, the local Catholic Church was the scene of a wedding of some local interest, when Agnes Schneider, youngest daughter of Jacob Schneider and the late Mrs. Schneider, became the bride of Alois Gugler, of Rutland. The ceremony was performed by Father A. L. De Lestre, Parish Priest. The happy couple will take up residence in the district.

Mrs. James Smith is a patient in the Kelowna Hospital, following an injury to her knee received recently. Otto Bach, son of Mr. and Mrs. Bach, is also a patient in the same hospital, suffering from an abscess in the right arm.

Pte. Robert High, R.C.A.S.C., has been spending the past week visiting his parents, Mr. and Mrs. Andrew High, leaving on Tuesday, July 7, to rejoin his unit on Vancouver Island.

### Onion Breath

An unpleasant onion breath can be avoided if boiling water is poured over the peeled and sliced onions and allowed to stand for about twenty seconds, then drained, and the process repeated once more.

Mrs. Newe Wedde: "I wonder why it is that a nautical mile is nearly a seventh longer than a mile on land?"

Mrs. Newe Wedde: "Well, darling, you know things swell in the water."
